FOIPA Request No.: 1702905-000
Subject: Washington Navy Yard Pipe Bomb
Explosion

The FBI has completed its search for records subject to the Freedom of Information Act (FOIA) that are responsive to your request. The enclosed 183 pages of records were determined to be responsive to your subject and were previously processed and released. Please see the selected paragraphs below for relevant information specific to your request as well as the enclosed FBI FOIPA Addendum for standard responses applicable to all requests.

- ☒ In an effort to provide you with responsive records as expeditiously as possible, we are releasing documents from previous requests regarding your subject. We consider your request fulfilled. Since we relied on previous results, additional records potentially responsive to your subject may exist. If this release of previously processed material does not satisfy your request, you may request an additional search for records. Submit your request by mail to **Initial Processing Operations Unit; Record/Information Dissemination Section; Information Management Division; Federal Bureau of Investigation; 200 Constitution Drive; Winchester, VA 22602. You may also email your response to foipaquestions@fbi.gov.** Please include the FOIPA Request Number listed above in your correspondence.
- ☐ Please be advised that additional records responsive to your subject exist. If this release of previously processed material does not satisfy your request, you must advise us that you want the additional records processed. Please submit your response within thirty (30) days to **Initial Processing Operations Unit; Record/Information Dissemination Section; Information Management Division; Federal Bureau of Investigation; 200 Constitution Drive; Winchester, VA 22602. You may also email your response to foipaquestions@fbi.gov.** Please include the FOIPA Request Number listed above in your correspondence. **If we do not receive your decision within thirty (30) days of the date of this notification, your request will be closed.**
- ☐ One or more of the enclosed records were transferred to the National Archives and Records Administration (NARA). Although we retained a version of the records previously processed pursuant to the FOIA, the original records are no longer in our possession.

If this release of the previously processed material does not satisfy your request, you may file a FOIPA request with NARA at the following address:

National Archives and Records Administration
Special Access and FOIA
8601 Adelphi Road, Room 5500
College Park, MD 20740-6001

- ☐ Records potentially responsive to your request were transferred to the National Archives and Records Administration (NARA), and they were not previously processed pursuant to the FOIA. You may file a request with NARA using the address above.
- ☐ One or more of the enclosed records were destroyed. Although we retained a version of the records previously processed pursuant to the FOIA, the original records are no longer in our possession. Record retention and disposal is carried out under supervision of the National Archives and Records Administration (NARA), Title 44, United States Code, Section 3301 as implemented by Title 36, Code of Federal Regulations, Part 1228; Title 44, United States Code, Section 3310 as implemented by Title 36, Code of Federal Regulations, Part 1229.10.
- ☐ Records potentially responsive to your request were destroyed. Since this material could not be reviewed, it is not known if it was responsive to your request. Record retention and disposal is carried out under supervision of the National Archives and Records Administration (NARA) according to Title 44 United States Code Section 3301, Title 36 Code of Federal Regulations (CFR) Chapter 12 Sub-chapter B Part 1228, and 36 CFR 1229.10.
- ☐ Documents or information referred to other Government agencies were not included in this release.

Please refer to the enclosed FBI FOIPA Addendum for additional standard responses applicable to your request. **"Part 1"** of the Addendum includes standard responses that apply to all requests. **"Part 2"** includes additional standard responses that apply to all requests for records about yourself or any third-party individuals. **"Part 3"** includes general information about FBI records that you may find useful. Also enclosed is our Explanation of Exemptions.

Additional information about the FOIPA can be found at www.fbi.gov/foia. Should you have questions regarding your request, please feel free to contact foipaquestions@fbi.gov. Please reference the FOIPA Request number listed above in all correspondence concerning your request.

Please be advised that if you are seeking a new search for records, you may wish to narrow the scope of your request based on material that you have already received, e.g., timeframe or locality. Additionally, be advised that "unusual circumstances" may apply. See 5 U.S.C. § 552 (a)(6)(B)(iii). These "unusual circumstances" will delay our ability to make a determination on your request within 20 days. See 5 U.S.C. § 552 (a)(6)(B). Additionally, the payment of pertinent fees may apply to your request. See 5 U.S.C. § 552 (a)(4)(A)(viii). The application of "unusual circumstances" is not a determination of how the FBI will respond to your substantive request.

If you are not satisfied with the FBI's determination in response to this request, you may proceed under any or all of the following options:

- You may seek dispute resolution services through the FBI directly by emailing our FOIA Public Liaison at foipaquestions@fbi.gov. The subject heading should clearly state "Dispute Resolution Services." Please also cite the FOIPA Request Number assigned to your request so it may be easily identified.
- You may contact the Office of Government Information Services (OGIS), who serves as the federal FOIA Ombudsman. The contact information for OGIS is as follows: Office of Government Information Services, National Archives and Records Administration, 8601 Adelphi Road-OGIS, College Park, Maryland 20740-6001, e-mail at ogis@nara.gov; telephone at 202-741-5770; toll free at 1-877-684-6448; or facsimile at 202-741-5769.
- You may file an administrative appeal by writing to the Director, Office of Information Policy (OIP), United States Department of Justice, 441 G Street, NW, 6th Floor, Washington, D.C. 20530, or you may submit an appeal through OIP's FOIA STAR portal by creating an account following the instructions on OIP's website: <https://www.justice.gov/oip/submit-and-track-request-or-appeal>. **Pursuant to 28 C.F.R. § 16.8(a), your appeal must be postmarked or electronically transmitted within ninety (90) days of the date of this response to your request.** If you submit your appeal by mail, both the letter and the envelope should be clearly marked "Freedom of Information Act Appeal." Please reference the FOIPA Request Number listed above in your correspondence so it may be easily identified. If possible, please provide a copy of your original request and this response letter with your appeal.

Note: Utilizing the FBI's dispute resolution services or requesting mediation through OGIS does not toll the ninety (90) day limit to file a timely appeal with OIP.

Sincerely,

A handwritten signature in black ink that reads "Amie M. Napier". The signature is written in a cursive, slightly slanted style.

FBI FOIPA Addendum

As referenced in our letter responding to your Freedom of Information/Privacy Acts (FOIPA) request, the FBI FOIPA Addendum provides information applicable to your request. Part 1 of the Addendum includes standard responses that apply to all requests. Part 2 includes standard responses that apply to requests for records about individuals to the extent your request seeks the listed information. Part 3 includes general information about FBI records, searches, and programs.

Part 1: The standard responses below apply to all requests:

- (i) **5 U.S.C. § 552(c).** Congress excluded three categories of law enforcement and national security records from the requirements of the FOIPA [5 U.S.C. § 552(c)]. FBI responses are limited to those records subject to the requirements of the FOIPA. Additional information about the FBI and the FOIPA can be found on the www.fbi.gov/foia website.
- (ii) **Intelligence Records.** To the extent your request seeks records of intelligence sources, methods, or activities, the FBI can neither confirm nor deny the existence of records pursuant to FOIA exemptions (b)(1), (b)(3), and as applicable to requests for records about individuals, PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(1), (b)(3), and (j)(2)]. The mere acknowledgment of the existence or nonexistence of such records is itself a classified fact protected by FOIA exemption (b)(1) and/or would reveal intelligence sources, methods, or activities protected by exemption (b)(3) [50 USC § 3024(i)(1)]. This is a standard response and should not be read to indicate that any such records do or do not exist.

Part 2: The standard responses below apply to all requests for records on individuals:

- (i) **Requests for Records about any Individual—Watch Lists.** The FBI can neither confirm nor deny the existence of any individual's name on a watch list pursuant to FOIA exemption (b)(7)(E) and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(7)(E), (j)(2)]. This is a standard response and should not be read to indicate that watch list records do or do not exist.
- (ii) **Requests for Records about any Individual—Witness Security Program Records.** The FBI can neither confirm nor deny the existence of records which could identify any participant in the Witness Security Program pursuant to FOIA exemption (b)(3) and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(3), 18 U.S.C. 3521, and (j)(2)]. This is a standard response and should not be read to indicate that such records do or do not exist.
- (iii) **Requests for Confidential Informant Records.** The FBI can neither confirm nor deny the existence of confidential informant records pursuant to FOIA exemptions (b)(7)(D), (b)(7)(E), and (b)(7)(F) [5 U.S.C. §§ 552 (b)(7)(D), (b)(7)(E), and (b)(7)(F)] and Privacy Act exemption (j)(2) [5 U.S.C. § 552a (j)(2)]. The mere acknowledgment of the existence or nonexistence of such records would reveal confidential informant identities and information, expose law enforcement techniques, and endanger the life or physical safety of individuals. This is a standard response and should not be read to indicate that such records do or do not exist.

Part 3: General Information:

- (i) **Record Searches and Standard Search Policy.** The Record/Information Dissemination Section (RIDS) searches for reasonably described records by searching systems, such as the Central Records System (CRS), or locations where responsive records would reasonably be found. The CRS is an extensive system of records consisting of applicant, investigative, intelligence, personnel, administrative, and general files compiled by the FBI per its law enforcement, intelligence, and administrative functions. The CRS spans the entire FBI organization, comprising records of FBI Headquarters, FBI Field Offices, and FBI Legal Attaché Offices (Legats) worldwide; Electronic Surveillance (ELSUR) records are included in the CRS. The standard search policy is a search for main entity records in the CRS. Unless specifically requested, a standard search does not include a search for reference entity records or administrative records of previous FOIPA requests.
 - a. *Main Entity Records* – created for individuals or non-individuals who are the subjects or the focus of an investigation
 - b. *Reference Entity Records*- created for individuals or non-individuals who are associated with a case but are not known subjects or the focus of an investigation
- (ii) **FBI Records.** Founded in 1908, the FBI carries out a dual law enforcement and national security mission. As part of this dual mission, the FBI creates and maintains records on various subjects; however, the FBI does not maintain records on every person, subject, or entity.
- (iii) **Foreseeable Harm Standard.** As amended in 2016, the Freedom of Information Act provides that a federal agency may withhold responsive records only if: (1) the agency reasonably foresees that disclosure would harm an interest protected by one of the nine exemptions that FOIA enumerates, or (2) disclosure is prohibited by law (5 United States Code, Section 552(a)(8)(A)(i)). The FBI considers this foreseeable harm standard in the processing of its requests.
- (iv) **Requests for Criminal History Records or Rap Sheets.** The Criminal Justice Information Services (CJIS) Division provides Identity History Summary Checks – often referred to as a criminal history record or rap sheet. These criminal history records are not the same as material in an investigative “FBI file.” An Identity History Summary Check is a listing of information taken from fingerprint cards and documents submitted to the FBI in connection with arrests, federal employment, naturalization, or military service. For a fee, individuals can request a copy of their Identity History Summary Check. Forms and directions can be accessed at www.fbi.gov/about-us/cjis/identity-history-summary-checks. Additionally, requests can be submitted electronically at www.edo.cjis.gov. For additional information, please contact CJIS directly at (304) 625-5590.

- (b)(2) related solely to the internal personnel rules and practices of an agency;
- (b)(3) specifically exempted from disclosure by statute (other than section 552b of this title), provided that such statute (A) requires that the matters be withheld from the public in such a manner as to leave no discretion on issue, or (B) establishes particular criteria for withholding or refers to particular types of matters to be withheld;
- (b)(4) trade secrets and commercial or financial information obtained from a person and privileged or confidential;
- (b)(5) inter-agency or intra-agency memorandums or letters which would not be available by law to a party other than an agency in litigation with the agency;
- (b)(6) personnel and medical files and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy;
- (b)(7) records or information compiled for law enforcement purposes, but only to the extent that the production of such law enforcement records or information (A) could reasonably be expected to interfere with enforcement proceedings, (B) would deprive a person of a right to a fair trial or an impartial adjudication, (C) could reasonably be expected to constitute an unwarranted invasion of personal privacy, (D) could reasonably be expected to disclose the identity of confidential source, including a State, local, or foreign agency or authority or any private institution which furnished information on a confidential basis, and, in the case of record or information compiled by a criminal law enforcement authority in the course of a criminal investigation, or by an agency conducting a lawful national security intelligence investigation, information furnished by a confidential source, (E) would disclose techniques and procedures for law enforcement investigations or prosecutions, or would disclose guidelines for law enforcement investigations or prosecutions if such disclosure could reasonably be expected to risk circumvention of the law, or (F) could reasonably be expected to endanger the life or physical safety of any individual;
- (b)(8) contained in or related to examination, operating, or condition reports prepared by, on behalf of, or for the use of an agency responsible for the regulation or supervision of financial institutions; or
- (b)(9) geological and geophysical information and data, including maps, concerning wells.

SUBSECTIONS OF TITLE 5, UNITED STATES CODE, SECTION 552a

- (d)(5) information compiled in reasonable anticipation of a civil action proceeding;
- (j)(2) material reporting investigative efforts pertaining to the enforcement of criminal law including efforts to prevent, control, or reduce crime or apprehend criminals;
- (k)(1) information which is currently and properly classified pursuant to an Executive order in the interest of the national defense or foreign policy, for example, information involving intelligence sources or methods;
- (k)(2) investigatory material compiled for law enforcement purposes, other than criminal, which did not result in loss of a right, benefit or privilege under Federal programs, or which would identify a source who furnished information pursuant to a promise that his/her identity would be held in confidence;
- (k)(3) material maintained in connection with providing protective services to the President of the United States or any other individual pursuant to the authority of Title 18, United States Code, Section 3056;
- (k)(4) required by statute to be maintained and used solely as statistical records;
- (k)(5) investigatory material compiled solely for the purpose of determining suitability, eligibility, or qualifications for Federal civilian employment or for access to classified information, the disclosure of which would reveal the identity of the person who furnished information pursuant to a promise that his/her identity would be held in confidence;
- (k)(6) testing or examination material used to determine individual qualifications for appointment or promotion in Federal Government service the release of which would compromise the testing or examination process;
- (k)(7) material used to determine potential for promotion in the armed services, the disclosure of which would reveal the identity of the person who furnished the material pursuant to a promise that his/her identity would be held in confidence.

b7F

On August 18, 1983, the following investigation was conducted:

Naval Investigative Service (NIS) Agents interviewed [redacted] Department of Defense Security Police, Headquarters, Naval District, Washington, Security Division Guard Branch, who related that due to the summer ceremony held on Wednesday evening, August 17, 1983, the 9th, 11th, and 6th Street gates, Washington Navy Yard, were open until 11:00 p.m. All gates were manned by U.S. Navy Ceremonial Guard Personnel. At 11:00 p.m., all gates, with the exception of 9th Street gate, were secured. The 9th Street gate was then manned by members of the Department of Defense (DOD) Security Guard Force. [redacted] noted that at 4:30 a.m., August 18, 1983, it was determined that the 6th Street gate had, in fact, not been secured. No indication of forced entry was reported.

Naval Investigative Service (NIS) Agents interviewed [redacted] Security Police, who advised he was assigned to the 9th and M Streets gate on the evening of August 17 and 18, 1983. He related that at approximately 12:02 a.m., August 18, 1983, he was informed that a bomb threat had been received at the Washington Navy Yard and approximately two minutes later he heard an explosion at which time he stopped all vehicles exiting the base. At approximately 12:16 a.m., a female Caucasian reportedly driving a red two-door economy car, got out of the lane of traffic that was stopped at the 9th Street gate and attempted to exit the base using the incoming lane. This female was described as having blonde hair, blue eyes, about 5'6" tall, weighing 120 pounds, wearing a red shirt and red shorts. She was blowing her horn at him when he warned her to stop her car. He reported that he stood in front of the exiting vehicle to prevent her from leaving and the driver pushed him with her front bumper. At this,

time, [] arrived and assisted in controlling the situation. [] indicated the female was very agitated and argumentative until he suggested she might have had something to do with the bombing. He added that a male Caucasian had followed the girl leaving the base and appeared to be acquainted with her, as he assisted in calming her down. [] described the second driver as he having brown hair, brown eyes, military haircut, clean-shaven, approximately 6' tall, 205 pounds, wearing a short sleeve light colored shirt and denim jeans. [] was shown composite drawings of possible suspects in the National War College bombing, Fort McNair, Washington, D.C. [] indicated that both the female and male drivers looked similar to the respective composite sketches. [] concluded by saying he recorded the names and license tag numbers for everyone leaving the base after the explosion in the gate entrance log and had filed an incident/complaint report regarding the confrontation at the gate.

NIS Agents interviewed [] Security Police, who advised he was patrolling the area around the NDW Fuel Depot at the time of the explosion. Immediately following the explosion, he proceeded to the 9th Street gate to assist Officer [] reported that shortly after securing the base, a female Caucasian driving a gold-colored car, possibly a 1977-1979 Toyota Corolla attempted to leave the base via the 9th Street gate, and in his opinion, tried to run Officer [] down. [] was shown a composite of a possible suspect in the Fort McNair bombing. He related that the female had shoulder-length blonde hair, was approximately 5'4" tall, 105-110 pounds, was wearing a dark T-shirt and shorts, and looked like the girl depicted in the composite sketch. [] reported that a Caucasian male, who was similar in appearance to the composite sketch of the Fort McNair bombing suspect, was in the car behind the female in question, and was apparently associated with her as he tried to calm her down after the altercation with [] [] could provide no additional pertinent information.

BOMBINGS

On August 18, 1983 and August 19, 1983, [redacted] Civilian, Bartender, Commissioned Officers' Mess, Washington Navy Yard, advised NIS that she worked at the Davy Jones Locker Bar until about 11:45 p.m., August 17, 1983. She indicated that the Officers' Club featured a disco night in the bar on August 17, 1983. The entertainment was furnished by a husband and wife team. [redacted] was shown composite sketches of the suspects from the Fort McNair bombing, and she stated that the male and female members of the disco group vaguely resembled the composite sketches. She related the female member played the records and made all the announcements while her husband sat in the bar. She added that the male member left the bar on one or two occasions during the evening, but she was not aware of where he went. b6 per NCIS b7C per NCIS

[redacted] advised NIS that the group, "Sound of Music", is a husband and wife disco team that played music for the scheduled disco night on August 17, 1983, in the Davy Jones Locker Bar. He reviewed the previously mentioned composite sketches and related that both the male and female resembled the individuals depicted in the sketches. [redacted] explained that the crowd in the bar was smaller than normal and as a consequence he closed the bar at approximately 11:45.

On September 22, 1983, [redacted] [redacted] [redacted] were interviewed and they advised as follows: They arrived at the Washington Navy Yard at approximately [redacted] on August 17, 1983, where they were engaged as [redacted] at the Officers' Club. INVESTIGATION CONDUCTED DURING THE PREVIOUS 24 HOURS HAS RESULTED IN THE FOLLOWING CLARIFICATION OF THE CIRCUMSTANCES AND POTENTIAL SUSPECTS INVOLVED IN THE BOMBING. THE ASSESSMENT SET FORTH IS BASED ON CURRENT INFORMATION AND WILL CONTINUE TO BE MODIFIED IN ACCORD WITH ADDITIONAL INFORMATION DEVELOPED.

THE INDIVIDUALS THAT ARE CURRENTLY THE FOCUS OF THE BOMBING INVESTIGATION ARE UNKNOWN SUBJECT (UNSUB) 1 AND UNSUB 2, PREVIOUSLY DESCRIBED IN WFO TELETYPE TO THE DIRECTOR, DATED APRIL 21, 1984. NO AMPLIFYING INFORMATION HAS BEEN DEVELOPED RELATIVE TO THEIR ACTIVITIES PRIOR TO ENTERING THE BAR AREA OR UPON THEIR DEPARTURE. EFFORTS ARE CONTINUING TO IDENTIFY WITNESSES WHO MAY BE ABLE TO PROVIDE ADDITIONAL AND MORE DESCRIPTIVE INFORMATION OF THESE TWO INDIVIDUALS.

[REDACTED] PREVIOUSLY DESCRIBED IN THE REFERENCED WFO TELETYPE OF APRIL 21, 1984, HAS BEEN DETERMINED TO BE IDENTICAL TO UNSUB 3 AND POSSIBLY IDENTICAL TO UNSUB 4 (THE [REDACTED] OBSERVED ON THE AFTERNOON OF [REDACTED])

HAS DETERMINED THAT [REDACTED] WHO IS ECCENTRIC IN BEHAVIOR
AND POSSIBLY UNSTABLE, HAD AN EXTREMELY HIGH VISIBILITY

[REDACTED] WHO HAS OBTAINED A PHOTOGRAPH OF
THIS INDIVIDUAL AND WILL USE THIS PHOTOGRAPH TO CLARIFY
[REDACTED] SPECIFIC ACTIVITIES DURING THIS PERIOD OF TIME AND
TO INSURE THAT HIS ACTIVITIES ARE SEPARATED FROM THOSE
OF OTHER POTENTIAL SUSPECTS. DUE TO THE TOTALITY OF THE CIRCUM-
STANCES, [REDACTED] IS NOT CONSIDERED A VIABLE SUSPECT, PAR-
TICULARLY IN VIEW OF THE FACT THAT HE [REDACTED]

[REDACTED] HAS A LENGTHY CRIMINAL RECORD,
CONSISTING PRIMARILY OF [REDACTED] WITH

AS SEVERAL KEY FACTS PROVIDED BY [REDACTED] WERE DETERMINED

TO BE IN ERROR. THE INTERVIEWING AGENTS DETECTED A

DEFINITE PREJUDICE ON THE PART OF [REDACTED]

WHICH MAY HAVE ALTERED HIS STATEMENT. [REDACTED] WILL BE RE-

BEEN DEVELOPED TO FULLY EVALUATE THE INFORMATION HE PRO-

VIDED.

SOME AMBIGUITY STILL CONTINUES PERTAINING TO UNSUB

IN ADDITION TO THE INVESTIGATION CURRENTLY IN PROGRESS, AS SET FORTH IN THE BEGINNING OF THIS COMMUNICATION, THE FOLLOWING SPECIFIC AREAS ARE BEING ADDRESSED:

1. THE IDENTITY OF THE PATRON WHO [REDACTED]

TO [REDACTED] WHICH WAS THEN CLAIMED BY UNSUB 2, IS STILL UNKNOWN. A COMPOSITE DRAWING HAS BEEN MADE OF THIS INDIVIDUAL AND WILL BE USED IN ALL FORTHCOMING INTERVIEWS OF POTENTIAL WITNESSES. THE NAVY OFFICER'S CLUB IS A TOTALLY OPEN CLUB, AND THEREFORE, NO MEMBERSHIP LISTS EXIST. EFFORTS ARE CONTINUING TO IDENTIFY THE PATRON IDENTIFIED ABOVE AND OTHERS THROUGH A REVIEW OF CHECKS CASHED AND MEMORY OF EMPLOYEES AND OTHER IDENTIFIED PATRONS. INVESTIGATION AT WASHINGTON FIELD OFFICE IS CONTINUING TO LOCATE AND INTERVIEW WASHINGTON NAVY YARD OFFICERS' CLUB EMPLOYEES, CLUB PATRONS, AND OTHERS WHO MAY HAVE BEEN IN THE AREA OF THE WASHINGTON NAVY YARD ON APRIL 19, 1984.

DURING THE INITIAL CRIME SCENE SEARCH, WASHINGTON FIELD OFFICE AND BUREAU EXPLOSIVE UNIT PERSONNEL CONSIDERED PROCESSING THE CRIME SCENE TO INCLUDE THE AREA OF THE BAR, NAVY OFFICERS CLUB FOR ANY LATENT FINGERPRINTS. IT WAS DECIDED THAT THIS INVESTIGATIVE EFFORT WOULD BE FUTILE IN THAT THE BAR AND GLASSES HAD BEEN WIPED DOWN AT CLOSE OF BUSINESS ON THE 19TH, ITEMS IN THE IMMEDIATE VICINITY OF THE BOMB WERE DESTROYED, AND DUE TO THE FACT THAT THE AREA WAS ACCESSIBLE TO SO MANY DIFFERENT INDIVIDUALS.

NEW YORK IS REQUESTED UPON RECEIPT OF THE BELOW LISTED ITEMS TO INTERVIEW [REDACTED]

To date, extensive investigation has developed no identifiable subjects. As noted in attached report, two unidentified Navy Yard, Officers' Club patrons are suspects due to the fact that one of them claimed [redacted] which was found by another patron and given to [redacted]. WFO notes that the Washington Navy Yard, Officers' Club bombing of April 20, 1984, claimed by the Red Guerrilla Resistance, marks the first time a bombing in New York and a bombing in Washington, D.C. have been claimed by the same group. WFO has received communiques from the Red Guerrilla Resistance (RGR) claiming credit for the April 4, 1984, bombing of "The New York Headquarters of Israel Aircraft Industry (IAI)", and the April 20, 1984, bombing of the Washington Navy Yard, Officers' Club. SA [redacted] Document Examination Section, FBI Laboratory Division, advised that the address label on the envelope which contained a RGR communique dated April 4, 1984, addressed to the Washington Post newspaper was an original typed label. The second RGR communique dated April 20, 1984, sent to the Washington Post newspaper utilized an address label on the envelope which was a photo copy of the same original address label as previously received with the first RGR communique. believes that the above indicates the envelopes in which the communiques were mailed were prepared by the same individual or individuals. Receiving offices in their trash covers of subjects should be on the lookout for any paper which may be scraps left over from cut out address labels and which may be matched up with address labels.

Due to the voluminous number of interviews conducted only the Bureau, Washington Field Office, and the Naval Investigative Service will receive a complete copy of all FD-302s and inserts. Other offices will received only pertinent interviews as mentioned in the report.

The subject(s) of this investigation should be considered Armed and Dangerous.

Title: UNSUB(S). AKA RED GUERRILLA RESISTANCE; BOMBING OF
THE WASHINGTON NAVY YARD, OFFICERS' CLUB,
WASHINGTON NAVY YARD, WASHINGTON, D.C.
APRIL 20, 1984

Character: EXPLOSIVE INCENDIARY DEVICE; DESTRUCTION OF
GOVERNMENT PROPERTY

Synopsis:

This investigation was initiated upon receipt of information by WFO, FBI, that a bomb had exploded at the Washington Navy Yard Officers' Club, Building 101, Washington, D.C. FBI investigative jurisdiction was based on an apparent violation of United States code, Title 18, Section 844 (f), and Department of Justice guidelines, dated March 1, 1983, which provides for FBI jurisdiction in violation which appear to have been perpetrated by terrorist or revolutionary groups. Due to the fact that the United States Navy has an investigative interest in this investigation, and in order to insure that investigative leads were handled in the most expeditious manner without unnecessary duplication, it was decided that a joint investigation would be conducted between the NIS and the FBI, and that one report would be issued. Additional law enforcement agencies which provided investigative assistance included the Metropolitan Police Department, United States Secret Service, Bureau of Alcohol, Tobacco, and Firearms, and Naval District of Washington Police.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

At approximately 1:55 a.m., April 20, 1984, an improvised explosive device detonated in the reception area of Building 101, the Officers' Club, Washington Navy Yard, Washington, D.C. The building was unoccupied at the time, and there were no injuries. The []

b7E

[] Shortly after the blast, two calls were received; one each at the Washington Post newspaper and the United Press International which claimed responsibility for the bombing.

At approximately 2:10 a.m. on April 20, 1984, [] United Press International, received a telephone call from a female who stated, "I'll give this to you," and played what sounded like a pre-recorded tape over the phone. [] stated that he heard a raspy male voice which spoke in the past tense. The caller stated that there had been a bombing at the Washington Navy Yard at two o'clock, in support of independence for Puerto Rico, he further stated that the FALN was claiming responsibility. The tape lasted a maximum of 30 seconds according to [] and he stated that neither the male or the female voice had any distinguishable characteristics and that he heard no background noises. [] could not remember any other organizations having been mentioned in the tape recording.

b6
b7C

At approximately 2:05 a.m., April 20, 1984, [] Washington Post newspaper, received a phone call which sounded as if it were a recorded message. To the best of his knowledge, the tape recorded message stated something to the effect that the Guerrilla Resistance Movement (or some other term) bombed the Washington Navy Yard in protest of the current military maneuvers and against United States imperialism in the Caribbean and Central America. [] further indicated that the letters FMLN and FBR or FAR were mentioned. The tape recorded message ended with a statement demanding independence for Puerto Rico. [] advised that he heard "tape hiss" in the background and that the voice sounded to be that of a [] between the ages of [] and approximately []

Immediately after the explosion, the Washington Navy Yard was sealed to all entering and exiting traffic and the crime scene was secured by the Naval District of Washington Police. The FBI assumed primary jurisdiction, and FBI Explosive Unit personnel directed and processed the bombing scene with the assistance of the above listed agencies. The initial crime search revealed a high explosive main charge, battery parts, clock parts, and a set pin. These items are consistent with previous Washington bombings claimed by the Armed Resistance Unit (National War College, April 26, 1983; Washington Navy Yard, August 18, 1983; U.S. Capitol, November 7, 1983). Subsequent investigation centered around identifying and interviewing for any possible leads Navy Yard Officers' Club employees, Officers' Club patrons, Navy Yard Security and Fire Department personnel, J and L Custodial Service personnel, and other individuals who may have been in the vicinity of the Officers' Club on April 19, 1984. As to be expected the majority of the interviews produced few positive leads, however, interviews which produced significant information are attached. As a result of the interviews, this investigation has centered on identifying four bar patrons who were observed at the Officers' Club on the afternoon and evening of April 19, 1984.

Interviews of Officers' Club employees provided the following information:

[redacted] Officers' Club, [redacted] advised that on April 19, 1984, she observed an individual in the bar from approximately [redacted]

[redacted] advised that on April 19, 1984, she observed the individual who has since been identified as [redacted]. While [redacted] was in the Officers' Club an incident happened with a [redacted] who may have had too much to drink, which caused [redacted] to make the comment.

b6
b7C

[redacted] advised that he observed an individual (later identified as [redacted]) in the Officers' Club on April 19, 1984. [redacted]

b6
b7C

Interviews of the Officers' Club patrons provided the following information:

On April 23, 1984, [redacted] Washington Navy Yard, advised that on April 19, 1984, he observed an individual [redacted] in the bar, who has since been identified as [redacted].

b6
b7C

[redacted] Naval Facilities Engineering Division, Washington Navy Yard, advised that on April 19, 1984, he had a limited conversation with [redacted]. He was unable to relate the specifics of that conversation. [redacted] also remembers seeing two [redacted] who he did not recognize as being Washington Navy Yard employees. He was unable to provide a description of these two individuals. [redacted] noted that they departed the bar [redacted].

b6
b7C

[redacted] Washington Navy Yard, advised that she was with [redacted] at the club on April 19, 1984, and spoke with an unknown [redacted] male (later identified as [redacted]). Much of the conversation she had with this individual centered around foreign travel, with [redacted] asking most of the questions.

b6
b7C

[redacted] Federal Protection Service, Washington Navy Yard, advised that on April 19, 1984, he noticed nothing unusual while having lunch. Upon viewing the four composite drawings of the Officers' Club bar patrons who were in the bar on April 19, 1984, he advised that composites #2 and #4 look like individuals who have been frequenting the Officers' Club for years. He was unable to identify these individuals.

b6
b7C
b7E

[] This small fire was quickly extinguished from the outside.

Washington Field Office, FBI, was advised by the Security Police Office, Washington Navy Yard, that there were no parking tickets issued on the Navy Yard for April 19, 1984. Nine people were logged onto the Navy Yard by the Security Police between 11:18 p.m., April 19, 1984 and 1:10 a.m., April 20, 1984.

All Washington Navy Yard Security personnel on duty April 19, 1984, were interviewed and no significant information was developed from these interviews.

Interviews of J and L Cleaning Service personnel on April 20, 1984, did not produce any significant information.

During the investigative period an extensive neighborhood investigation was conducted in the vicinity of the Officers' Club, Washington Navy Yard.

Summaries of the most pertinent interviews follow:

On April 20, 1984, [] advised that on April 16, 1984, he observed a [] male, approximately [] inches tall, of [] taking photographs of the Washington Navy Yard from the 295 North Ramp. He was unable to provide enough information to identify this individual.

b6
b7C

[] Washington Navy Yard, advised that on April 19, 1984, he observed three [] appearing individuals in the vicinity of the Officers' Club. The appearance of these individuals attracted his attention due to their over dress for the weather conditions. [] was unable to provide sufficient information to identify these people, nor did he see them enter or exit the Officers' Club.

On April 25, 1984, Washington Field Office, FBI, was advised that a concerned citizen provided FBI Charlotte, North Carolina, with a copy of the Red Guerrilla Resistance communique dated April 20, 1984.

WFO [REDACTED]

b3
b7E

FBI Laboratory Analysis has determined that the above listed photocopies of the Red Guerrilla Resistance communique are copies of the same original document, and the copies were prepared on the same copier. There were no indented writings or water marks noted. The copies were made on a copier which utilizes plain paper and a dry toner (i.e. Xerox, IBM, 3M, Sharpe, Toshiba, and others). The type writing on the communiques most closely corresponds to laboratory standards for a royal elite style of type spaced 12 characters per horizontal inch. (See attached laboratory report).

It was noted that the bombing of the Officers' Club, Washington Navy Yard was the second bombing claimed by the Red Guerrilla Resistance. The first was the April 4, 1984, bombing of the New York Headquarters of the Israel Aircraft Industries, Inc., 50 West 23rd Street, New York, New York. The Red Guerrilla Resistance claimed credit for this bombing in a communique dated April 4, 1982 (typing error). A copy of this communique is attached to this report. The FBI Laboratory Division advised that the address label on the envelope which contained the Red Guerrilla Resistance communique dated April 4, 1982 (typing error), and addressed to the Washington Post newspaper was an original typed label. The second Red Guerrilla Resistance communique dated April 20, 1984, sent to the Washington Post newspaper utilized an address label on the envelope which was a photocopy of the same original address label as previously received with the first Red Guerrilla Resistance communique.

Other leads accomplished to date without success include interviews of all Security/Gate Guard personnel, Armed Forces Police personnel, persons on duty in adjacent buildings, all current Officers' Club employees, and identification/interviews of patrons in the club on Wednesday and Thursday, April 18 and 19, 1984. In addition to the above, canvassing interviews were conducted at the Chief Petty Officers' Club, the Anacostia Officers' Club, and the Navy Yard Officers' Club immediately after it reopened. Composite drawings have been made of suspicious persons and of the [REDACTED]

[REDACTED] Parking ticket records were reviewed, as well as gate entry logs, without success.

In summary, completed leads to date have met with very limited success and have not identified the perpetrators of the bombing.

Investigation continues.

On April 20, 1984, [REDACTED]

[REDACTED] UNITED PRESS INTERNATIONAL (UPI), was telephonically contacted in reference to the phone call he received about the bombing incident at the WASHINGTON NAVY YARD (WNY). [REDACTED] stated he received a phone call at 0208 from a woman who asked to speak with the local desk. [REDACTED] stated that currently no one was at the local desk and if he could help. The woman stated "I'll give this to your." and played what appeared to be a pre-recorded tape over the phone, to [REDACTED]. Although [REDACTED] does not remember what the tape said verbatim, the tape voice was a male, had a raspy voice, and spoke in the past tense. The caller said that there was a bombing at the WNY at 2 o'clock but did not give a location that [REDACTED] remembers. The caller also stated that the bombing was for the Independence of Puerto Rico, and that the FALN claimed responsibility. The tape lasted a maximum of thirty seconds according to [REDACTED] and he stated that neither the male or the female voice had any distinguishable characteristics and no background noises were heard. [REDACTED] was also asked directly if any other organization other than the FALN claimed responsibility. [REDACTED] stated that to the best of his recollection, he could not remember any other organizations claiming responsibility in the bombing.

[redacted] Washington Post Newspaper, Washington, D.C., telephone number [redacted] was interviewed on April 24, 1984 in order to determine any information he could provide regarding a call which may have been made by someone taking credit for the April 20, 1984 bombing of the Officers Club of the Navy Yard. [redacted] provided the following information:

He was on duty during the early morning hours of Friday, April 20, 1984 at his position with the Washington Post as a [redacted]. At approximately 2:05 a.m., [redacted] picked up on a call which was transferred to his phone from another phone from somewhere in the Post Newspaper Building. As soon as he picked up the phone a tape recorded message began. To the best of his knowledge the tape recorded message stated something to the effect that the Guerilla Resistance Movement (or some other term) bombed the Washington Navy Yard in protest of the current military maneuvers and against United States Imperialists in the Carribean and Central American area. [redacted] indicated that the letters FMLN and FBR or FAR were mentioned. The tape recorded message ended with a statement demanding independence for Puerto Rico.

[redacted] advised the tape was going too fast for him to write down everything verbatim. He took down as much as he could and he is fairly sure that the letters mentioned in the tape are FMLN, FBR or FAR.

[redacted] is definite that the message was tape recorded. He advised there was considerable tape hiss background noise. He described the voice as harsh and hoarse. The voice sounded to be that of a [redacted] between the ages of [redacted]. The message was a very plain monotone and he could discern no accent. He estimated the length of the message as no longer than two minutes.

[redacted] was asked whether he had heard the voice before. He advised that he was also on duty in August, 1983

when the Navy Yard was first bombed and he took the call claiming credit for that one also. He could not say if the individual who called on April 20, 1984 was also the same individual who he heard claim credit for the previous bombing. He opined that perhaps the same groups were involved because both messages were by groups claiming solidarity with Central American causes.

Finally, [] advised that he did not make a recording of the call claiming credit for the bombing.

RED GUERRILLA RESISTANCE COMMUNIQUE

APRIL 20, 1984

We dedicate this action to Carroll Ishee, North American anti-imperialist who died fighting alongside the Farabundo Marti National Liberation Front of El Salvador. His dedication, his willingness to take up arms as an ally of the Salvadoran people is an example for our entire struggle. To honor the memory of Carroll Ishee is to pick up his gun, build a militant resistance, and struggle to defeat U. S. imperialism on every front.

COMPAÑERO CARLOS ESTA PRESENTE

Tonight, while the U. S. military prepares for Ocean Venture '84, we attacked the Officers' Club at the Washington Navy Yard. We take this action as part of our ongoing campaign of resistance against the U. S. imperialists, to bring the war home to the warmakers. We act in solidarity with the sovereign revolutionary nation of Nicaragua, the national liberation struggle of the Salvadoran people led by the FMLN/FDR, the revolutionary struggle for independence and socialism for Puerto Rico, and all the just struggles for self-determination of the peoples of the Caribbean and Latin America.

Here, at the Washington Navy Yard, high ranking officers helped to plan Ocean Venture. They meet at the Officers' Club to relax and swap stories and dream of careers to be made by invading Grenada, shelling Lebanon, and blockading Nicaragua. Genocide is a ladder to success for these men. By their own actions, they make themselves the enemy of the people of the world and the target of revolutionary forces. Whether in Central America, the Middle East, or parts of Europe, the U. S. military is being attacked. They hide behind barricades or stay miles offshore in their ships. They return to the U. S. to relax and recuperate and be adulated by a reactionary government and an increasingly militaristic society. We need to rob them of the security of a home base and make them know they are the enemy wherever they go. Their officers' club is gone--let them hide in their homes.

Ocean Venture '84 is the largest of an ongoing series of U. S. war games. The military will bring together 33,000 of its troops and will practice amphibious assaults and bombing attacks against Vieques, Puerto Rico--once again making the direct colony of Puerto Rico the U. S. military's training ground. Ocean Venture amasses U. S. troops and weapons in the Caribbean, training and orienting its troops to the region's terrain and climate. In 1982, Ocean Venture was a trial run for the invasion of Grenada. Now, as this war "game" begins, the Reagan administration is openly discussing its plans to invade Central America. The purpose of Ocean Venture '84 could hardly be more clear. The imperialist strategy of counterinsurgency and covert war has not been enough to halt the inexorable drive toward freedom and liberation in the region, so the groundwork is being laid for a more direct and protracted commitment of U. S. troops. Honduras has been turned into a garrison state; the CIA committed an act of war by mining Nicaragua's harbors; U. S. advisors fly military assault missions against the revolutionary forces in El Salvador; and the U. S. activates the bases with which it occupies Puerto Rico. The U. S. government, accustomed to dominating other nations, does not even hesitate to abrogate international law and intervene against the right of nations to self-determination.

For years, the inhabitants of the Puerto Rican islands of Culebra and Vieques have struggled against U. S. naval attacks on their islands--attacks that pockmark these islands with bomb craters, threaten to destroy the fishing industry, and force the inhabitants out of their homes. Determined struggles on Culebra in the 60's drove the navy out; then Vieques became the new target of these genocidal "games." In 1979, Comrade Angel Rodriguez Cristobal, Puerto Rican revolutionary and leading member of La Liga Socialista Puertorriqueña, was arrested demonstrating with the people of Vieques against the U. S. Navy; on November 11, 1979 he was assassinated by the U. S. government while imprisoned in Tallahassee, Florida. In honoring his memory, we commit ourselves to continuing to fight in solidarity with the struggle for Puerto Rico's independence and socialism. We express our support for the Puerto Rican armed clandestine movement and Puerto Rican political prisoners and prisoners of war.

The U. S. has hesitated to deploy its ground troops in Central America because they remember that U. S. troops were defeated by people's war in Viet Nam, and because they need a more consolidated base of support at home for imperialist war. But they have taken the first step towards increased intervention by invading Grenada in the face of world condemnation. Now the U. S. is escalating its aggression against Nicaragua and El Salvador. The peoples of Central America are enacting the revolutionary anti-imperialist strategy of 2, 3 many Viet Nams, and they will deliver the next strategic defeat to U. S. imperialism and neo-colonialism--in its own "backyard."

At a point when we most need a movement that will fight and resist the escalating U. S. war machine, our movement is weakened by reformism and electoral politics. To build an effective resistance, we will have to fight and disrupt the U. S. war machine with heightened militancy in every arena of struggle. To defeat this system and build a new society, many more of us will need to take up arms as did Comrade Carroll Ishee--within the borders of the U. S. as well as around the world.

VIVA NICARAGUA LIBRE! VICTORY TO THE FMLN/FDR!
INDEPENDENCE AND SOCIALISM FOR PUERTO RICO!
BUILD THE INTERNATIONAL GUERRILLA FRONT AGAINST IMPERIALISM!
BUILD A REVOLUTIONARY RESISTANCE MOVEMENT!
FREE ALL POLITICAL PRISONERS AND POW S!
DEATH TO IMPERIALISM!

Tonight we struck against the "Israeli" military by bombing the New York headquarters of Israel Aircraft Industry (IAI).

36 years ago this month, Menachim Begin led the forces of the Irgun in a massacre of 250 Palestinian men, women, and children at Deir Yassin. Genocide literally paved the way for the establishment of the Zionist state a month later. 36 years later, Begin is a respected elder statesman and his fascist Herut party controls the "Israel" government.

Today, the joint U.S./"Israeli" vision of a "greater Israel" and a totally dominated Middle East has faltered against the steadfast resistance of the Palestinian and Lebanese peoples. The Camp David accords, the imperialist/Zionist blueprint for control of the region, has been dealt a serious blow by the progressive forces in Lebanon. "Israel" has found that the guerrilla forces of the Lebanese and Palestinian people not only resisted their war machine during the 1982 invasion of Lebanon, but continue to resist in occupied Lebanon, the West Bank, and in occupied Palestine. We act tonight in solidarity with those courageous fighters whose goal is the liberation of their peoples.

IAI is a key part of the "Israeli" war machine and is run directly by the "Israeli" government. They customize and maintain the U.S.-supplied F15 and F16 jets that were used in the massive civilian bombing of Beirut in 1982. IAI produces the Kfir fighter, the Dabar and Davora patrol boats, and almost every major weapons system used by the "Israeli" military. The U.S. Congress and Reagan administration have just given "Israel" \$550 million to have IAI develop and produce a line of "Israeli"-made jet fighters. It is the first time the U.S. has directly funded another country's ability to become militarily self-sufficient. "Israel", like South Africa, will then be immune from the impact of possible international sanctions.

IAI plays a central role in the arming of fascist governments around the world. When domestic and international pressure forced the U.S. to cut off arms to Somoza in Nicaragua and to the military dictatorship in Guatemala in the late 1970s, "Israel" stepped in with patrol boats and aircraft produced by IAI. When South Africa needs jet fighters, the U.S. ships fighters to "Israel" where IAI makes them combat ready and transfers them to South Africa. The history of IAI is a damning indictment of the growing reactionary violence of two settler regimes - the U.S. and "Israel".

Our movement needs to be clear on the nature of Zionism and move to oppose it.

ZIONISM IS RACISM. The essence of Zionism is settler colonialism, with its theft of the land, genocide of Palestinian and Arab people, and blatant white supremacy. This was exposed at Deir Yassin, at Beirut, at the Palestinian refugee camps of Sabra and Shatila. The official state terrorism is paralleled by the rise of unofficial death squads of settler/soldiers responsible for the recent attacks on Palestinians at Bir Zeit University and throughout the West Bank. TIT, the "Israeli" counterpart of the U.S.-based Jewish Defense League, is as much a death squad as any in El Salvador or Guatemala. Because Zionism is based in white supremacy, Zionists actively build racism toward Third World people in this country as well. There is perhaps no better example than Ed Koch, the mayor of New York, whose virulent hatred of Palestinian and Arab people is matched only by his racism toward Black and Latin people.

ZIONISM IS AN INTERNATIONAL MOVEMENT BASED IN THE U.S. The world Zionist movement has innumerable organizational forms that maintain "Israel's" existence through a flow of colonists, a massive transfer of money, and an intensive propaganda campaign. The Zionist movement tries to obscure the true nature of the "Israeli" state by invoking the horrors of a Holocaust perpetrated by European fascists and through racist characterizations of Palestinian and Arab people. The avid Zionism of anti-semites like Jerry Falwell, Richard Nixon, and Ronald Reagan make it clear that Zionism is a matter of politics and power, not religion.

"ISRAEL" IS PART OF THE U.S. IMPERIALIST SYSTEM. The U.S. and "Israel" openly admit their strategic unity. It is a unity based in imperialist domination of the Middle East and a common goal of destroying the progressive forces in the region. Any differences are tactical. When "Israel" could not sustain the occupation of the whole of Lebanon, the U.S. moved in and allowed "Israel" to withdraw. Now that the U.S. has been forced to retreat, "Israel" will move to partition the country and maintain the fascist Phalange party in power. The new "Israeli" fighter, the massive U.S. military aid given as grants and not loans, and the involvement of IAI and the "Israeli" military with the U.S. Rapid Deployment Force are the sweeteners in the agreement for "Israel" to once again extend its military role in the region.

There is an answer to the "problem" of the Middle East. The solution lies in the establishment of a democratic and secular Lebanon: it lies in the establishment of a democratic and secular Palestinian state as called for by the PLO. It is the anti-imperialist solution supported by progressive forces around the world. Only racism and implicit or explicit collaboration with Zionism has allowed the anti-imperialist movement here to say little and do less: as the U.S. Navy bombarded Beirut or Congress voted to finance further "Israeli" military aggression.

The imperialist warmakers, whether U.S. or "Israeli", should not feel comfortable in this country or anywhere in the world. The recent exemplary action of the Red Brigades in assassinating Leamon Hunt, U.S. guarantor of Camp David in the Sinai, made it clear that Europe is not safe for the warmakers. We hope our action tonight will contribute to the building of a movement here that will combat Zionism as an integral part of our struggle to defeat U.S. imperialism.

If we want to end imperialist war, we must be prepared to sacrifice and to fight. It is a bitter self-deception to believe any politician can bring peace when the US ruling class wants war. We need to demand more of ourselves. We can draw great strength from the Lebanese and Palestinian people. In 1982, it appeared that the Lebanese National Movement and the PLO had been destroyed in the rubble of Beirut. Now, through determined struggle under the most difficult conditions, the defeats of 1982 are being transformed into the current victories of the Lebanese National Movement and the consolidation of the revolutionary forces within the PLO. Armed struggle and mass resistance are powerful weapons in the hands of the oppressed. We, too, need to take them up.

VICTORY TO THE LEBANESE PEOPLE! LONG LIVE THE LEBANESE NATIONAL MOVEMENT!

VICTORY TO THE PALESTINIAN PEOPLE! LONG LIVE THE PLO!

BUILD THE INTERNATIONAL GUERRILLA FRONT AGAINST IMPERIALISM!

BUILD A REVOLUTIONARY RESISTANCE MOVEMENT! DEATH TO IMPERIALISM AND ZIONISM!

Q82 Accompanying photocopy of Red Guerrilla Resistance communique dated 4/20/84

Result of examination:

The submitted communiques designated Q62, Q64, Q66, Q68, Q70, Q72, Q74, Q76, Q78, Q80 and Q82 are photocopies of the same original document prepared on the same copier possibly at the same time. Those photocopies were made utilizing plain paper and a dry toner and were further prepared by a process utilized on machines manufactured by Xerox, IBM, 3M, Sharpe, Toshiba and others. This is the same photocopying process used to prepare the previously received communiques in the case captioned "Red Guerrilla Resistance- SUSPECTS; ISRAELI AIRCRAFT INDUSTRY, New York, New York - VICTIM; BOMBING" and designated as specimens Q9 and Q11 in that matter. It could not be determined whether or not the Israeli Aircraft communiques were prepared on the same copier utilized to prepare the communiques submitted in this matter.

The questioned typewriting on the submitted communiques most closely corresponds to Laboratory standards for a Royal elite style of type spaced 12 characters per horizontal inch. This is the same size and style of type utilized to type the return address labels on the submitted envelopes.

While the return address labels on specimen Q63, Q67, Q69, Q71, Q73, Q75, Q77, Q79 and Q81 are photocopies which appeared to have been produced by photocopying the same label a lack of clarity caused by that photocopying process prevents any definite determination as to whether or not the return address label on specimens Q61 or Q65, which are original typewriting, was used as the model for those labels.

The address labels for the recipient on the submitted envelopes are photocopies of previously typed address labels. Characteristics noted in examining those address labels indicate they may have been photocopied prior to the removal of the label from its backing sheet and then

cut after the sheet was copied. Those photocopied address labels were prepared by a different copying process than was utilized to prepare the communique contained in the envelope.

The questioned typewriting on the address labels to whom the envelopes were mailed most closely corresponds to Laboratory standards for either a Brother or Remington elite style of type. This is the same size and style of type which was used on the Q8 and Q10 address labels in the Israeli Aircraft bombing matter.

The Q65 address label to the Washington Post is a photocopy of the original typewriting on the Q8 address label in the Israeli Aircraft bombing. Characteristics noted in examining the Q65 address label indicate that it may have been photocopied before the original label which was placed on specimen Q8 was removed from its backing sheet.

The Q81 address label to Latin American Writer is a photocopy of the address label on the Q10 envelope in the Israeli Aircraft matter and also contains characteristics which indicate it may have been photocopied prior to its removal from its backing sheet and placed on the Q10 envelope.

No indented writing, watermark or other feature of significance was noted on the papers of specimens Q61 through Q82 which would lead to their immediate source or source of manufacture.

Appropriate photographs have been made. You will be advised separately regarding the results of the requested chemical analyses, latent fingerprint examination and the disposition of the submitted evidence.

BOMBINGS

RED GUERRILLA RESISTANCE BOMBING OF THE WASHINGTON NAVY YARD OFFICERS' CLUB:

This investigation was initiated upon receipt of information by WFO, FBI, that a bomb had exploded at the Washington Navy Yard Officers' Club, Building 101, Washington, D.C. FBI investigative jurisdiction was based on an apparent violation of United States code, Title 18, Section 844 (f), and Department of Justice guidelines, dated March 1, 1983, which provides for FBI jurisdiction in violation which appear to have been perpetrated by terrorist or revolutionary groups. Due to the fact that the United States Navy has an investigative interest in this investigation, and in order to insure that investigative leads were handled in the most expeditious manner without unnecessary duplication, it was decided that a joint investigation would be conducted between the NIS and the FBI, and that one report would be issued. Additional law enforcement agencies which provided investigative assistance included the Metropolitan Police Department, United States Secret Service, Bureau of Alcohol, Tobacco, and Firearms, and Naval District of Washington Police.

At approximately 1:55 a.m., April 20, 1984, an improvised explosive device detonated in the reception area of Building 101, the Officers' Club, Washington Navy Yard, Washington, D.C. The building was unoccupied at the time, and there were no injuries. The [REDACTED]

[REDACTED] Shortly after the blast, two calls were received, one each at the Washington Post newspaper and the United Press International which claimed responsibility for the bombing.

At approximately 2:10 a.m. on April 20, 1984, [REDACTED] United Press International, received a telephone call from a female who stated, "I'll give this to you," and played what sounded like a

pre-recorded tape over the phone. [] stated that he heard a raspy male voice which spoke in the past tense. The caller stated that there had been a bombing at the Washington Navy Yard at two o'clock, in support of independence for Puerto Rico, he further stated that the FALN was claiming responsibility. The tape lasted a maximum of 30 seconds according to [] and he stated that neither the male or the female voice had any distinguishable characteristics and that he heard no background noises. [] could not remember any other organizations having been mentioned in the tape recording.

At approximately 2:05 a.m., April 20, 1984, [] Washington Post newspaper, received a phone call which sounded as if it were a recorded message. To the best of his knowledge, the tape recorded message stated something to the effect that the Guerrilla Resistance Movement (or some other term) bombed the Washington Navy Yard in protest of the current military maneuvers and against United States imperialism in the Caribbean and Central America. [] further indicated that the letters FMLN and FBR or FAR were mentioned. The tape recorded message ended with a statement demanding independence for Puerto Rico. [] advised that he heard "tape hiss" in the background and that the voice sounded to be that of a [] between the ages of [] and approximately []

Immediately after the explosion, the Washington Navy Yard was sealed to all entering and exiting traffic and the crime scene was secured by the Naval District of Washington Police. The FBI assumed primary jurisdiction, the FBI Explosive Unit personnel directed and processed the bombing scene with the assistance of the above listed agencies. The initial crime search revealed a high explosive main charge, battery parts, clock parts, and set pin. These items are consistent with previous Washington bombings claimed by the Armed Resistance Unit (National War College, April 26, 1983; Washington Navy Yard, August 18, 1983; U.S. Capitol, November 7, 1983). The device was apparently placed under a couch in the vicinity of several potted plants located in a lobby area of the club just to the left of the front entrance.

Subsequent investigation centered around identifying and interviewing for any possible leads Navy Yard Officers' Club employees, Officers' Club patrons, Navy Yard Security and Fire

Washington Field Office, FBI, was advised by the Security Police Office, Washington Navy Yard, that there were no parking tickets issued on the Navy Yard for April 19, 1984. Nine people were logged onto the Navy Yard by the Security Police between 11:18 p.m., April 19, 1984 and 1:10 a.m., April 20, 1984.

All Washington Navy Yard Security personnel on duty April 19, 1984, were interviewed and no significant information was developed from these interviews.

Interviews of J and L Cleaning Service personnel on April 20, 1984, did not produce any significant information.

During the investigative period an extensive neighborhood investigation was conducted in the vicinity of the Officers' Club, Washington Navy Yard.

Summaries of the most pertinent interviews follow:

On April 20, 1984, [redacted] District of Columbia, Department of Human Services, advised that on April 16, 1984, he observed a [redacted] male, approximately [redacted] taking photographs of the Washington Navy Yard from the 295 North Ramp.

On April 25, 1984, Washington Field Office, FBI, was advised that a concerned citizen provided FBI Charlotte, North Carolina, with a copy of the Red Guerrilla Resistance communique dated April 20, 1984.

FBI Laboratory analysis has determined that the above listed photocopies of the RGR communique are copies of the same original document, and the copies were prepared on the same copier. There was no indented writing or water marks noted. The

BOMBINGS

copies were made on a copier which utilizes plain paper and a toner (i.e. Xerox, IBM, 3-M, Sharpe, Toshiba, and others). The type writing on the communiques most closely corresponds to laboratory standards for a Royal Elite style of type space 12 characters per horizontal inch.

It was noted that the bombing of the Officers' Club, Washington Navy Yard was the second bombing claimed by the RGR. The first was the April 4, 1984, bombing of the New York Headquarters of the Israel Aircraft Industry, Incorporated, 50 West 23rd Street, New York, New York. The RGR claimed credit for this bombing in a communique, dated April 4, 1982 (sic). The FBI Laboratory Division advised that the address label on the envelope which contained the RGR communique, dated April 4, 1982 (sic), and addressed to the Washington Post newspaper was an original typed label. The second RGR communique, dated April 20, 1984, sent to the Washington Post newspaper utilized an address label on the envelope which was a photocopy of the same original address label as previously received with the first RGR communique.

On April 21, 1984, [redacted] [redacted] was interviewed. He denied any knowledge of the Navy Officers' Club bombing. A background investigation of [redacted] [redacted] indicated that he has been a recurring nuisance, but does not appear to be associated with any known political groups.

b6

Reinterviews of [redacted] the Navy Officers' Club [redacted] have failed to identify [redacted] [redacted] [redacted]

b6

Other leads accomplished to date without success include interviews of all Security/Gate Guard personnel, Armed Forces Police personnel, persons on duty in adjacent buildings, all current Officers' Club employees, and identification/ interviews of patrons in the club on Wednesday and Thursday, April 18 and 19, 1984. In addition to the above, canvassing interviews were conducted at the Chief Petty Officers' Club, the Anacostia Officers' Club, and the Navy Yard Officers' Club immediately after it reopened. Composite drawings have been made of suspicious persons and of the club patron who [redacted] [redacted] in the club on the afternoon prior to the bombing.

BOMBINGS

Based on the recovered communiques from the Armed Resistance Unit and the Red Guerrilla Resistance, and the modus operandi the following Washington, D.C. bombings appear to be related: The National War College bombing, Fort McNair, April 26, 1983; the Navy Regional Data Automation Center bombing, Washington Navy Yard, August 18, 1983; the Capitol bombing, November 7, 1983; and the Washington Navy Yard Officers' Club bombing, April 20, 1984.

ARMED RESISTANCE UNIT BOMBING OF THE NATIONAL WAR COLLEGE:

The first bombing in Washington, D.C. which was claimed by the Armed Resistance Unit was the bombing of the National War College. For the information of recipients the following information concerns the investigation of the National War College bombing.

At approximately 9:30 to 9:45 p.m., April 26, 1983, two telephone calls were received by a Pentagon operator. During the first call, no one spoke, and the operator heard noise like static on the line, she then terminated the call. A second call was received with similar static on the line initially which was followed by a male voice stating, "National War College" followed by inaudible language, which was followed by, "Bomb will go off." The operator speculated that these calls were on a recording.

At 9:45 p.m., a United Press International reporter also received a call which he believed to be a tape recorded message. The reporter had great difficulty understanding the call, but did managed to hear the words: "Water or waterworks, fighting U.S. Imperialism, American bases in Guatemala, and 10:00 p.m."

At approximately 9:50 to 10:00 p.m., April 26, 1983, an explosive device was detonated in the front entrance to the National War College, Fort McNair, Washington, D.C. [REDACTED]

b7E

[REDACTED]

Security personnel in the area, later reported seeing at least two cars coming from the area in front of the National War College immediately after the explosion. These cars were described as a [REDACTED] with two [REDACTED] males inside, and a [REDACTED] no further description.

b6
b7C

BOMBINGS

Immediately following the bombing, the Military Police sealed the post and stopped all incoming and outgoing traffic for security checks. Identification data was obtained on all vehicles and individuals exiting Fort McNair. This information was recorded on standard Military Police investigation forms. After ascertaining identification data on all the cars and drivers exiting post, they were allowed in turned to depart.

Two vehicles fit the above description of the [redacted] [redacted] The owners of these vehicles were subsequently identified and interviewed. They provided plausible explanations and do not appear to be involved in the bombing.

b6
b7C

Upon notification Agents from WFO responded to the bombing site. The crime scene was secured by the Military Police and the Explosive Unit, FBI Laboratory, was advised. FBI Explosive Unit personnel processed the scene and conducted an extensive crime scene search. The initial crime scene search revealed that the explosive device utilized in this bombing appeared to have been a high order explosive main charge (dynamite) with a time delay electric firing system. Recognizable clock and battery fragments were recovered at the scene. Investigation revealed the explosive device was placed in a concrete urn at the west side of the main entrance to the National War College building. Heavy glass damage was incurred due to fragmentation and concussion of the blast.

On the night of April 26 and the morning of April 27, 1983, WFO conducted extensive interviews of personnel in and around the Fort McNair area. Also assisting in these investigative efforts were representatives of the Metropolitan Police Department (MPD), U.S. Army Criminal Investigation Division, and the Military Police. The U.S. Secret Service (USSS) and the Bureau of Alcohol, Tobacco, and Firearms (BATF) were advised of the bombing.

On April 27, 1983, [redacted] [redacted] Fort McNair, was interviewed and advised that while waiting for a ride, he observed a man and woman acting suspicious in front of the National War College at approximately 6:00 p.m., on April 26, 1983.

b6
b7C

[redacted] observed these individuals walk up the steps to the National War College and bend over the concrete urn to the right of the main door for approximately one minute. It is noted

b6
b7C

BOMBINGS

that this is the urn where the bomb was placed. They walked down the steps toward the ICAF parking lot. A few minutes later,

[redacted] observed this couple driving a [redacted] plates. [redacted] was unable to remember the license plate.

b6
b7C

On April 28, 1983, an employee of the Fort McNair Officers' Club also described two customers who could fit the description of the individuals seen by [redacted]

b6
b7C

At 3:30 p.m., April 26, 1983, an unidentified individual contacted WPFM FM Radio, 700 H Street, N.W., Washington, D.C. [redacted] took the call. [redacted] advised that the caller sounded like a male with no accent, probably on a recording due to the static and distortion of the call. The caller said, "We are in solidarity with the people of El Salvador and Guatemala and have taken action because people are being trained at the National War College." The caller claimed to be the Armed Resistance Unit (ARU).

b6
b7C

During the investigative period of April 26, 1983 to April 27, 1983, a neighborhood investigation was conducted on Fort McNair. Interviews during this investigation included employees of the National War College, Industrial College of the Armed Forces, employees and guests of the Fort McNair Golf Shop, and Officers' Club, residents of Fort McNair and individuals seen in the area of Fort McNair on the evening of April 26, 1983. Unless specifically noted these interviews provided no positive information.

On April 29, 1983, the FBI was furnished with a letter postmarked from Washington, D.C. on April 26, 1983. The contents of this letter indicated that it was a communique from the ARU and was originally dated April 24, 1983, and written over to be April 26, 1983. The ARU in the letter claimed credit for the bombing at the National War College, Fort McNair, and stated that this action was taken in solidarity with the growing liberation movement in El Salvador, Guatemala, and throughout Central America and with the Socialist Government of Nicaragua. The letter made reference to the FMLN and FDR.

BOMBINGS

The FMLN is the Frente Farabundo Marti Liberacion Nacional (National Liberation Front) and the FDR is the Frente Democratico Revolucionario (Democratic Revolutionary Front), both umbrella groups for terrorist and guerrilla activities directed against the Government of El Salvador.

A second communique was obtained in San Francisco on May 16, 1983, from the Modern Times Bookstore, 968 Balencia Street, San Francisco, California. This copy of the communique contained the same message as the first.

A FBI Laboratory document examination of the communiques revealed the following: The questioned typewriting on the communique most closely corresponded with laboratory standards for elite style of type measuring approximately 2.12 millimeters per character or 12 characters per horizontal inch. However, due to the inherent distortion in photocopied material an exact measurement of the original typewriting could not be determined. The style of type appearing on the communique can be found on typewriters manufactured by Underwood and others. Red synthetic fibers, blue synthetic fibers, black cotton fibers, blue cotton fibers, and red cotton fibers were removed from underneath clear plastic tape adhering to the envelope which contained the communique. These fibers were mounted on a glass microscope slide for possible future comparison.

On May 20, 1983, [redacted] was reinterviewed utilizing hypnotic interview techniques. During this interview, [redacted] was able to recall and focus on the license plate number of the car he observed on April 26, 1983, which was being driven by the possible suspects of this investigation. [redacted] while in a medium level of hypnosis, provided the following: The vehicle was a [redacted] [redacted] in color with an [redacted] [redacted] the license plate. [redacted] did not observe any military or base stickers on the car. He recalled the license tag as [redacted] [redacted] felt that [redacted] number was correct as at the time he tried to remember the number as [redacted] being the abbreviation for [redacted] described the suspects as a [redacted] male and female in their mid-[redacted]. On June 3, 1983, [redacted] was interviewed at her residence. She advised that normally only [redacted] [redacted] drive her car and that she never allows anyone else to drive it unless she is with them. She stated the license plates [redacted] have never been removed from her car as if they had she would have noticed them missing. [redacted] stated that she has never been to nor has she heard of Fort McNair.

b6
b7C

The FBI Laboratory report, dated May 26, 1983, concerning evidence collected at the bombing scene stated that submitted specimens included the exploded remains of an improvised explosive device consisting of an explosive main charge (characteristic with dynamite), two electric blasting caps (manufactured by the Dupont Corporation), a time delay mechanism (a pocket watch manufactured in 1982 by Westclox), and an electric power source (two nine volt Duracel batteries).

ARMED RESISTANCE USING BOMBING OF THE NAVY REGIONAL DATA AUTOMATION CENTER:

At approximately 11:56 p.m., August 17, 1983, [redacted]
[redacted] U.S. Navy, received an anonymous phone call on line [redacted] The caller's voice sounded like that of a middle-aged [redacted] with no accent. There were no background noises and the call sounded as if it may have been a recording. The caller stated, "This is a bomb threat. There is a bomb at DODCI (Department of Defense Computer Institute), which will go off in five minutes." [redacted] reported this information to [redacted]. While in the process of notifying security and command personnel, they heard and felt what seemed to be an explosion at approximately 12:04 a.m., August 18, 1983.

BOMBINGS

[redacted] United Press International (UPI), received a telephone call on line [redacted] at approximately 12:15 a.m., August 18, 1983. At first there was static on the line, then she heard a male voice which sounded as if it may have been a recording. The caller said, "Listen carefully, I will only say this once. We have attacked the Washington Navy Yard." The caller further indicated that the attack was directed at the Navy Yard because it was a source of technology for U.S. Imperialism. The attack was to "fight United States Imperialism which has dominated the world, and to fight the United States' build-up in Nicaragua." She further stated that she may have heard the caller use the initials SMLN, but she could not remember for sure.

A search of Building 196 and 175, Washington Navy Yard, was conducted by the Naval Investigative Service, Naval District of Washington Security, Metropolitan Police Department, and Navy Regional Data Automation Center Duty Personnel. At approximately 4:30 a.m., August 18, 1983, the point of detonation was believed to have been located in the alley between Building 196 and 184, Washington Navy Yard. Preliminary examination by Metropolitan Police Department (MPD) Explosive Ordinance Disposal (EOD) Personnel appeared to indicate that an unidentified force had damaged a wooden panel in the rear door of a tractor trailer parked in the alleyway. [redacted]

[redacted] advised he had secured the rear door on the tractor trailer at approximately 5:00 p.m., August 17, 1983, and had not noticed the damaged panel at that time. As no other evidence of the site of explosion was detected, the crime scene search was discontinued at approximately 6:00 a.m., August 18, 1983.

From August 18, 1983 to August 23, 1983, interviews were conducted by NIS Agents of the Security Police personnel and the U.S. Navy Ceremonial Guard personnel on duty at the Washington Navy Yard, between the hours of 12:00 p.m., August 17, 1983 and 12:04 a.m., August 18, 1983. These interviews failed to provide any significant information.

BOMBINGS

The Federal Bureau of Investigation, Laboratory Report, dated October 31, 1983, advised as follows concerning the bombing of NARDAC: Present among the submitted specimens are the exploded remains of an Improvised Explosive Device (IED) consisting of a high explosive main charge, electric blasting cap, two nine-volt batteries, two pocket watches, and pin socket/plug assemblies. The IED was contained in a blue and white fabric bag, which based on evidence from the crime scene, was apparently lowered through a hole in the wall of a locked area, to the ground, with a rope. The damage observed at the scene and exhibited by the submitted metal fragments is characteristic of that normally associated with a high explosive main charge, such as dynamite. Submitted specimens include the deformed and fragmented components of a Westclox "Scotty" pocket watch which was manufactured in approximately June, 1982; and a Westclox "Bull's Eye" pocket watch which was manufactured in approximately January, 1983.

Leads developed out of the Navy Regional Data Automation Center bombing of August 18, 1983, failed to produce any significant information leading to the identities of the ARU/RGR.

ARMED RESISTANCE UNIT BOMBING OF THE U.S. CAPITOL:

On November 7, 1983, at approximately 11:02 p.m., an improvise explosive device detonated [REDACTED]

The bombing was proceeded by a phone call to the Washington Post from a [REDACTED] male with no foreign accent. The caller said, "Listen carefully, I'm only going to say this once. This is the Armed Resistance Unit, we have bombed the Capitol in reaction to Grenada, Nicaragua, and Lebanon. We support all nations struggle against U.S. Military aggression." Then the call ended. The call appeared to have been a taped recorded message, because the caller's voice started to drag near the end of the statement.

FBI Laboratory analysis indicated that this improvise explosive device consisted of a high order main charge (dynamite with a nitroglycerin base), a time delay device consisting of two pocket watches (Westclox Scotty), and a nine volt Eveready heavy duty battery.

BOMBINGS

On December 10, 1983, a psycholinguistics examination was made of the ARU communique, dated November 7, 1983, claiming credit for the bombing of the U.S. Capitol. This psycholinguistics examination was made in comparison with the ARU communique dated April 26, 1983, claiming credit for the National War College bombing. It was found that there was a plethora of stylistic, ideational and vocabulary similarities of sufficient distinctiveness so as to warrant the competent conclusion that both documents originated from one in the same source. The Capitol bombing communique continued to evidence sophisticated language skills and superior intelligence. The author can be expected to be an experienced and prolific writer. The ideation as found in the Capitol bombing communique continues to be paranoid in formed. Personal freedom and privacy appears to be highly important to the writer.

There were no other significant leads developed out of the Capitol bombing investigation which would assist in the investigation of the other ARU/RGR claimed bombings.

On August 8, 1984, evidence was recovered from a U-haul storage area in Binghamton, New York, which was subsequently identified as personal items belonging to [redacted]. The evidence contained bomb-making equipment, maps, notes, and newspaper articles which led directly to the Sam Melville-Jonathan Jackson Unit's bombing activities during the late 1970's within the New England area. Subsequent investigation from leads developed from the contents of this U-haul storage area revealed the location of [redacted] safe house at [redacted]. [redacted] Surveillances and additional investigation led to the safe house of [redacted]. On November 4, 1984,

[redacted] [redacted] [redacted] were arrested at [redacted].

Searches of identified safe houses being utilized by the above fugitives and [redacted] have revealed evidence linking these fugitives to numerous bank robberies, the murder of a New Jersey State Police Officer, and the United Freedom Front claimed bombings in the New York area. The searches led to the recovery of bomb-making equipment, original United Freedom Front (UFF) communiques, and a United Freedom Front logo.

To date, no evidence has been found which would tie these fugitives directly into the bombings claimed by the Red Guerrilla Resistance or the Armed Resistance Unit.
