FOIA Case: 106466A
24 May 2021

JOHN GREENEWALD
THE BLACK VAULT, INC.
27305 W LIVE OAK RD
STE 1203
CASTAIC CA 91384

Dear John Greenewald:

This responds to your Freedom of Information Act (FOIA) request of 28 February 2019, which was received by this office on 1 March 2019, for:

- 1) *FOIA Case Log for calendar year 2018*
- 2) *FOIA Appeals Log for calendar year 2018*
- 3) *Mandatory Declassification Review (MDR) Log for calendar year 2018*

As previously provided, your request has been assigned Case Number 106466. There are no assessable fees for this request; therefore, we did not address your fee category.

Please be advised that we currently generate our FOIA, FOIA Appeals, and MDR logs quarterly. The logs covering January 2018 through December 2018 are responsive to your request. Your request has been processed under the FOIA, and logs are located on the enclosed CD-ROM disk, along with a FOIA Case Dispositions reference sheet that explains the final case dispositions. Please be advised that the logs do not contain the number of pages released. They contain a final disposition if the case was closed at the time the logs were created. If there is no final disposition, the case was still pending at the time the logs were created. Certain information has been protected from the enclosures.

This Agency is authorized by various statutes to protect certain information concerning its activities, as well as the names of its employees. We have determined that such information exists in these documents. Accordingly, those portions are exempt from disclosure pursuant to the third exemption of the FOIA, which provides for the withholding of information specifically protected from disclosure by statute. The specific statute applicable in this case is Public Law 86-36 (50 U.S. Code 3605).

Personal information regarding other individuals has been withheld from the enclosures in accordance with 5 U.S.C. 552 (b)(6). This exemption protects from disclosure information that would constitute a clearly unwarranted invasion of personal privacy. In balancing the public interest for the information you request against the privacy interests involved, we have determined that the privacy interests sufficiently satisfy the requirements for the application of the (b)(6) exemption.

In most cases requesters seeking the FOIA, FOIA Appeals, and MDR logs agree to omit Privacy Act or first-party requests from the logs. Please be advised, therefore, that when processing our FOIA, FOIA Appeals, and MDR logs, we typically remove first party requests as nonresponsive, since they represent requests from individuals seeking information on themselves. Those entries, in addition to being exempt under (b)(6), are also marked as non-responsive.

You may appeal this decision. If you decide to appeal, you should do so in the manner outlined below. NSA will endeavor to respond within 20 working days of receiving any appeal, absent any unusual circumstances.

- The appeal must be sent via U.S. postal mail, fax or electronic delivery (e-mail) and addressed to:

NSA/CSS FOIA/PA Appeal Authority (P132)
National Security Agency
9800 Savage Road STE 6932
Fort George G. Meade, MD 20755-6932

The facsimile number is (443)479-3612

The appropriate email address to submit an appeal is FOIARSC@nsa.gov

- It must be postmarked or delivered electronically no later than 90 calendar days from the date of this letter. Decisions appealed after 90 days will not be addressed.
- Please include the case number provided above.
- Please describe with sufficient detail why you believe the denial of requested information was unwarranted.

You may also contact our FOIA Public Liaison at foialo@nsa.gov for any further assistance and to discuss any aspect of your request. Additionally, you may contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. Long story short: When this was used B(2) was a viable option it appears, however that seems to no longer be the case. As such because the b(2) cannot be used, on page (7 of the instruction) Bates page 12 of the PDF file, there must be further justification. Does NSA have such justification OR any reason to redact the information there? Does NSA have any issue with the document as a whole.	Withdrawn

104584	14-Jun-18	15-Jun-18	JOHN BOLGER	(U) Historic records discussing NSA operations at Brooklyn Navy Yard, in Brooklyn, New York. This includes the Brooklyn Naval Hospital, which is located within the Navy Yard. I have reason to believe that at one point the NSA operated out of a building at the Brooklyn Naval Hospital. I am seeking any and all documents generally which discuss these Brooklyn operations. This includes but is not limited to: any administrative memorandum or directive, any routine operational documents (such as order forms, roll calls, inventory lists, disciplinary records, etc.), any correspondence between NSA leadership and the Brooklyn command (letters of commendation or reprimand, operational inquiries, reports). The even occurred on 22 July 1988 at NSA Hqs. Part of the program included a "roast" of General Odom's tenure at NSA, performed as a parody in the style of a Gilbert and Sullivan song from "The Pirates of Penzance." 105152	11-Sep-18	12-Sep-18	David Smith	(U) In June 2010, I submitted a request for records related to the Japanese response to Amelia Earhart's last flight. You responded on 19 July 2010. This became Case No. 61951. You sent me three pieces of information. 1) I would like any more messages like that, where the Japanese discuss where they believe Earhart has landed, if they have picked her up, their response, etc; 2) There is reference to a letter that can be found in various CD or on-line collections of Earhart materials from federal files where the letter writer states that the Japanese captain of the exploration ship Kampo sent a 10-15 word message re Earhart later in July. If you have that, I would love to see it; 3) I have heard allegations that there was a high degree of Japanese radio jamming. I am not sure if this is plausible, but my source recommended I look at the Wenger files at the Goerner Collection in Fredericksburg, TX. If you have any information on that, I would appreciate it as well; 4) The records of the State Department include a request by a Miss Amelia Putman to become a citizen of the Nipponese Empire, c. 1939. If you have any records (probably intercepts) relevant to that as well, I would love to have them. Date Range of Requested Documents: 1936-1940	Duplicate Request
