Dear Mr. Greenewald:

**SUBJECT: YOUR FREEDOM OF INFORMATION ACT CASE NO. 2020-NSC-346;
DON-NAVY-2020-012169**

This is in response to your Freedom of Information Act (FOIA) request of September 17, 2020, wherein you asked for a copy of the following:

1. Naval Safety Center's FOIA case logs for fiscal years 2019 – 2020;
2. Naval Safety Center's FOIA appeal logs for fiscal years 2019 – 2020; and
3. Naval Safety Center's Mandatory Declassification Review (MDR) logs for fiscal/calendar year 2019 – 2020.

Enclosed is a compact disc containing redacted copies of Naval Safety Center's FOIA case logs and Naval Safety Center's appeal logs for fiscal years 2019 and 2020.

The names and the personal identifiable information of the Privacy Act requesters and the names and personal identifiable information of the personnel named in the request are being withheld under 5 U.S.C. § 552(b)(6), as information in or pertaining to medical files, reports, records, and other material pertaining to personnel matters that if disclosed to a requestor, other than the actual person in which the information is pertaining to, would constitute a clearly unwarranted invasion of their privacy.

A diligent search of the files and databases maintained by the Naval Safety Center was conducted for documents responsive to number 3 of your request, without success. I regret to inform you the requested information does not exist within the files at this command.

The official responsible for the partial denial and the search for records responsive to your request is:

Fredrick R. Luchtman
Rear Admiral, U.S. Navy
Commander, Naval Safety Center

You have the right to an appeal. It must be received within **90 calendar days** from the date of this letter. There are two ways to file an appeal, by mail or through FOIAonline.

1. By mail. Please provide a letter requesting an appeal, with a copy of your initial request and a copy of the letter of denial, in an envelope marked "Freedom of Information Act Appeal." You are encouraged (though not required) to provide an explanation why you believed the redactions were inappropriate or our search was inadequate. Also, please provide a copy of your appeal letter to us at Naval Safety Center, Attention: FOIA Coordinator, 375 A Street, Norfolk, VA 23511-4399.

Address your appeal to:

The Office of the Judge Advocate General (Code 14)
1322 Patterson Ave., S.E., Ste. 3000
Washington, DC 20374-5066
Telephone: (202) 685-5450 Fax: (202) 685-5472

2. Through FOIAonline. This will work only if you set up an account on FOIAonline before you make the request that you would like to appeal. To set up an account, go to FOIAonline (this is a website that will appear as the top hit if you search the internet for "FOIAonline"), click "Create Account" (a link located within the blue banner at the top in the upper right corner), enter your data into the field that subsequently appears, and click "Save" (at the bottom left of the screen). With your account thereby created, you will have the power to file an appeal on FOIAonline to any request you file on FOIAonline thereafter. To do so, locate your request (enter a keyword or the request tracking number in the "Search for" field on the "Search" tab), click on it, then the "Create Appeal" tab in the left-hand column. Complete the subsequent field, click "Save," and FOIAonline will submit your appeal.

If you have any questions, you may contact our office at the telephone number and email address provided below. You may also contact the DON FOIA Liaison, Christopher Julka, at christopher.a.julka@navy.mil, (703) 697-0031. For more information, go to <https://www.archives.gov/ogis/about-ogis/contact-information>.

Your request is being treated as a "representative of the news media request" as identified in 32 C.F.R. § 286.12(a). There are no fees associated with the processing of your request in this instance.

DON-NAVY-2020-010353	FOIA	Mr. Michael Ayele	On page 180 - 181 of Robert Mueller's report, its noted that the "Foreign Agents Registration Act (FARA) generally makes it illegal to act as an agent of a foreign principal by engaging in certain (largely political) activities in the United States without registering with the Attorney General. The investigation uncovered extensive evidence that Paul Manafort's and Richard Gate's pre-campaign work for the government of Ukraine violated FARA. Manafort and Gates were charged for that conduct and admitted to it when they pleaded guilty to superseding criminal informations in the District of Columbia prosecution . In addition, the investigation produced evidence of FARA violations involving Michael Flynn. Those potential violations, however, concerned a country other than Russia (i.e., Turkey) and were resolved when Flynn admitted to the underlying facts in the Statement of Offense that accompanied his guilty plea to a false-statement charge. Finally, the Office investigated whether George Papadopoulos acted as an agent of, or at the direction and control of, the government of Israel. What I am requesting for prompt disclosure are (1) all prosecution memorandums submitted to the Attorney General relating to Paul Manafort and Richard Gates; (2) the guilty plea agreement concluded between Michael Flynn and the U.S Government; (3) all search warrants obtained by the U.S Government to look into Michael Flynn ties with the State of Israel and (4) all communications in the form of e-mails and postal correspondence exchanged between employees and legal representatives of the DOJ, the CSB, the DoD, the DoN, the USMC, the DLA, the DHS, the EPA, the NRC and the UN about George Papadopoulos ties with the state of Israel if such records do indeed exist. The power includes the execution and enforcement of federal law, alongside the responsibility of appointing federal executive, diplomatic, regulatory and judicial officers, and concluding treaties with foreign powers with the advice and consent of the Senate. The president is further empowered to grant federal pardons and reprieves, and to convene and adjourn either or both houses of Congress under extraordinary circumstances.[16] The president directs the foreign and domestic policies of the United States, and takes an active role in promoting his policy priorities to members of Congress.[17] In addition, as part of the system of checks and balances, Article I, Section 7 of the Constitution gives the president the power to sign or veto federal legislation. The power of the presidency has grown substantially since its formation, as has the power of the federal government as a whole.[18] Through the Electoral College, registered voters indirectly elect the president and vice president to a four-year term. This is the only federal election in the United States which is not decided by popular vote.[19] Nine vice presidents became president by virtue of a president's intra-term death or resignation.[C] Article II, Section 1, Clause 5 sets three qualifications for holding the presidency: natural-born U.S. citizenship; at least thirty-five years of age; and residency in the United States for at least fourteen years. The FDA have also not disclosed the non-anonymous complaints which have led to investigations when filed by employees and legal representatives of restaurants who have obtained from the FDA a liquor license. The FDA have neither disclosed the non-anonymous complaints nor the investigations they have launched as a direct consequence of a non-anonymous complaint having been submitted to them. As a matter of public safety and security, the DoD don't say they have gone into contact with employees and legal representatives of retail stores such as Dick Sporting Good, Krojer, Walmart, thrift stores and gun stores and called upon them to register an account with the Public Access to Court Electronic Records (PACER) and refrain from selling firearms to people with a history of mental illness and upon whom a motion has been filed prohibiting their possession of a firearm. 				According to credible sources, (b)(6) (b)(6) (b)(6) (b)(6) and (b)(6) had filed a charge of discrimination with the EEOC accusing the United States Soccer Federation of wage discrimination in April 2016. The complaint which was filed with the EEOC by the U.S Woman soccer team remains undisclosed. Will you join me in moving to call upon it's prompt disclosure? As a representative of the media, I am just concerned about how the EEOC is going to react to the previous question. Are they going to approach the U.S Woman Soccer team and ask: "Hey, W (Michael A. Ayele) complainant with the EEOC Charge # 28E 2014 " 00485 wants to examine the complaint you have submitted to the EEOC in April 2016. Like you he has also separately a complaint in the U.S District Court. Do you consent to your complaint being disclosed to him? Will the EEOC be asking these questions to members of the U.S soccer team? Will you join me in moving to affirm that if the U.S Woman Soccer team answer is "no, I can accept no? Are the EEOC and the DoD A O.K with the U.S men soccer team receiving a \$5,000 bonus for a loss in a friendly match, while women earning nothing for a loss or a draw? Are the EEOC and the DoD A O.K with the U.S men soccer team earning more than \$13,000 (approximately) for winning friendly matches while the U.S woman soccer team receive approximately \$5,000? Are the EEOC and the DoD A O.K with the U.S Woman Soccer Team earning \$15,000 for trying out and making the team roster for the World Cup while the man earn \$55,000 for trying out and over \$68,000 for making the team roster? Are the EEOC and the DoD A O.K with terms and conditions which apparently enable the U.S Man Soccer Team to earn \$5.4 million for getting into the last 16 round while paying the U.S Woman Soccer Team \$1.725 million for winning the World Cup?
