B6

Hi there--

I'd imagine that you would have appreciated a more festive and comfortable setting in which to ring in the new year--I'm sorry that you spent it where you did, though glad to hear [] that you're progressing well. For me, contemplating how you might celebrate the passage of a year is challenging--your life has been filled with so many momentous ones, and to reflect on any one of them must feel like drinking from a fire hydrant. I hope that, particularly as you look back on these last four years, you feel a sense of peace, satisfaction, and, yes, awe-- in a life filled with spectacular years, you have added some standouts to the collection. I also hope that the year ahead provides both rest and relaxation as well as renewal and discovery.

Happy new year,
Dan
