I am sure that Secretary LaHood is worried about his son. Sam is back at his apartment. We are trying to get our friends in the SCAF right now and believe we can find out tomorrow if Julie and other principals are on the list.

| Secretary LaHood may be calling about his son, Sam, who was prohibited from leaving on his flight tonight. Apparently, he is on the exit control list, and there may be others. I think we have a decent chance of resolving this tomorrow if we can keep it out of the press. We got hints earlier in the day that there might be restrictions on departing the country and had talked to the Foreign Ministry about it. | | |
