Dear Hillary,

[Redacted]

B6

Regarding the Clinton Foundation leadership: I feel -- as do MANY -- passionate and impatient to see leadership that could unite CGI and the Foundation in more strategic, thoughtful engagement of both philanthropic contribution and investment resources.

So, who?

[Redacted]

B6

I could suggest other names, but that's not actually helpful absent a process framework for vetting candidates and moving the search through to conclusion. I'd be glad to help, but efforts will only get us to the goal if coordinated and contributed as a team effort.

Let me know what I can do.

With great appreciation and love,

Jan
