Subject: notes for tomorrow

Melanne and speechwriters will mention as well but want to note that you are giving your Democracy speech at the womens forum. the Community of Democracies is just the 25 participati ng governments and thus isnt an environment that lends itself to a speech. They are looking for a brief intervention. Since you are the closing speaker at the womens forum, we were able to expand the audience and invite all the women plus civil society and community of democracy participants.

rest of the day is ok, the drive to hotel at end of day is slightly longer than we predicted only because the roads are bad but the hotel and the environment are really lovely.

Sorry about the civil society event today, we had talked about the press plan endlessly so there is no excuse for what happened.
