So glad we could help. Do you have time to send memo w all your ideas and recommendations that Cheryl and I can try to execute?

Also, from Philippe re video on state.gov after I passed on your question:

She's sorta right. We post as much video as we can, and bat 1.000 on domestic events. Tougher on overseas events since we don't have the resources abroad with us that we have here at home. We held a meeting with the web & broadcasting folks today to talk about this, and came up with a few ways to bolster our road video.

 [redacted]

But generally speaking, it's a huge priority for us all to post video whenever possible.

Thank you. We're soon to land at Teiteboro with the two babies and mothers, we're getting off and they're continuing on to Boston (amazing generosity of [redacted] who's plane we're traveling on). Jane Hall Lute or one of her deputies personally spoke to the customs officer in Teiteboro so think we'll be ok as all the 'documents' exist if not in hard copy with us. Will let you know if not (ie if I get hauled off to prison with the vagrant hangover Idaho missionaries), otherwise please assume all good, in large part because of you. Thank you again

Thank you Cheryl. So very much.

Someone has called us already from DHS in DC so we're hopefully getting traction. And he (DHS guy) said the correct thing too re: connecting with PIH to fix the process in the future.

Will keep you posted

Paul said thank you, he did what you said Cheryl and will keep doing so for the rest of his life

I spoke with the dep sec at DHS who will step in and address this situation assuming as is represented that all approvals are accurate and that the issue is the formal printing of these documents.

Please check have Paul check in with Ken Merten (hold the plane if necessary given that this needs to occur in next 20 minutes). Ken is now on traffic with the Dep Sec (Jane Hall Lute).

Best.

Subject: Urgent Q

I am so sorry to bother you on a Sunday. And I know we generally think systematic and institutional fixes preferred but I also know we think if we can fix something we should. This is an example of the latter which illustrates the need for the former. We - Paul Farmer and all with him- are on a flight leaving at 545- a private plane [REDACTED] and have space for 2 babies (whom my Dad met when here) who need heart surgery and their mothers and doctors in boston waiting to admit them and operate- tomorrow. We heard from the local DHS/Customs folks they approved their travel documents yesterday (after receiving the necessary ID forms- another story). Now thought the Embassy says they can't print them because they're waiting for approval from DHS in DC?? ie its not a State Dept issue but a DHS/Customs issue. Any ideas on what we can do? Details below from Cassia [REDACTED] We have probably an hour. So sorry to bother you today. I can call you too or we can call someone directly- if you've any suggestions. Or??

Thank you

Chelsea

Cassia and Amber:

Glad to hear [REDACTED] made it to Boston. Great news!

I know yesterday was quite chaotic.

I have authorized the parole for [REDACTED] and their accompanying parents.

This authorization was sent to our Field Office Director Pius Bannis.

I have sent him Cassia and [REDACTED] phone numbers in Port au Prince.

Before the children and parents can travel, they will require travel documents.

These should be obtained at the US Embassy in PaP.

I will send you more details as I receive them as to how to obtain them.

Can you please tell me what their flight information will be?

I just got your phone message re. affidavits. Anyone who might be able to vouch for the relationship between the parents

Of can write affidavits and sign them. Those who can testify to their birth are preferred, but if your
contact

At the Comfort would like to do it, that is ok too. You can scan them to my email, or fax.

If you need to reach me, email is best, as my blackberry seems a bit broken (at least the voice part—it's sounding like Darth Vader!)

She's getting off the plane now...I'm still waiting for her, but I spoke to the flight attendants who said she was doing great until the end when she started to have a lot of pain. We're off to BWH as soon as she's wheeled off. More later
