It hasn't been set and based on what I heard yesterday, there are 1-2 people who can't do the 14th. So I am in a bit of a holding pattern.

Ok, so HRC just responded to Gigi that she wants to do and wants dates from me that work for CVC. Has the larger meeting been set so that I can give Gigi times that work for CVC to do this? Ideally, the 14th....

Hold on that until the other meeting confirmed. I feel like they don't really want to do this gigi thing....

Just reading this whole chain (not on berry) – I should reach out to Gigi, correct?

Hey so the 15th is hard for CVC because we have the CHAI board meeting right in the middle of the day.

Any chance this could be on the 14th and the larger meeting of the brain trust would be that day as well?

Hi there. August 15th works better for me. I guess the question is do you want to have the whole group meet ie: the President of the Association of Society of Clinical Oncologists, Executive Director of Association of Black Cardiologists, Department of Health Representatives, as well as our own School of Public Health and of course faculty and Chelsea's friend Katie who is a fourth year medical student?

Let me know.

Afternoon would be better.
