Tell KPK that we will not approve Co-dels and if private planes come in they may not be able to land; but up to her whether she tries to come under those circumstances.

just finished meeting with wha on canada trip. the conference window is 10:30am-3:30pm but i think if we push them, you can arrive later.

French are very excited at prospect of you coming, i just talked to french ambassador and he said koucner wants to do something special.....

and liz sears told me that cabinet meeting may no longer be on the 29th so you wouldnt miss it also starting to plug your potential travel into calender so you can see.

[REDACTED]

dr labropolous called saying he has some doctor friends who want to help in haiti so am hooking them up with team haiti. kpk called to say that kirsten is getting pressure to join one of these planes to haiti but based on what you said earlier, she wants to wait before she goes.
