I would prefer to do Friday before the CGI speech so I can reference it. And I believe w the G-20 in P'burg that day it will help us explain why big name leaders are not there.

A few reasons the 21st and early in the week aren't ideal:

- Ban can't do the 21st or the 22nd. - most of the ministers cannot do the 21st either. A lot aren't in town yet and the ones from muslim countries won't do on eid which is monday.
- The rest of the week is eaten up by potus and then the g20.
- doing it saturday gives us a clean news day, there's nothing competing with it so press team actually thinks its a good day for us to do it.
- if not, we can do the next monday which ban can do.

Can you give me some background info on the dates--why can't we do it sometime btw Monday the 21st and Friday 25th? If we do it on Sat we will lose leaders and press. So let's try to push during the week whether or not Ban can be there. He can be the co- host w/out being there and send an asst SG.
