Thank you so much for your help.  
Paul said we will be working at the general hospital

There is another team from the hospital for special surgery with 4

orthopedic surgeons, a trauma surgeon and full surgical teams and orthopedic supplies and medication that we are trying to get in today.

Help with that would be much appreciated.

We will keep you posted on how things are down there.

Blessings in you for what you do for us all.

Mark Hyman, MD
