I cannot put into words how very pleased I am at the prospect of Hillary Clinton becoming the next Secretary of State. As a member of the Clinton Administration USAID team, I know firsthand the respect foreign leaders held for her on her visit to USAID projects. She is a proven leader and with her intellect, charisma and dedication, she can win back the respect for the US as a world leader.

I am currently serving in a career position at the Department of State in the Bureau of Consular Affairs and would like to offer my assistance if there is anything that I can do to help now or in the future in this endeavor.
