A,

Caught your press conference yesterday. Couldn't help thinking of early American revolutionaries and their grievances with King George III , when you spoke of the rights denied to the Egyptians and media corps in the streets in Cairo. History teaches. Great stuff on your part....but horrible situation there given the potential for further unrest in that region. Guess we have to remember our own roots, trust, and pray for the best. Good luck with it all. Glad you're in it, but wish less difficult. Better 'adventures ` ahead no doubt. Optimism.
