Subject: three options at georgetown

We can discuss on Monday but wanted to give the range of seats we can do for the AIDS speech:

1. Gaston Hall which seats 700 people. This is where she spoke last time (December 2009 on human rights).
2. Riggs Library which seats 100 people.
3. Lohrfink Auditorium – new venue is in the business school building and has almost 400 seats. Isn't ideal for press/camera shots. Just want to give you options.

Hi Lona,

We would be honored to have Secretary Clinton back on campus on November 8th. Are you familiar with Gaston Hall (700+ person venue)? This is where she spoke last week and in December of 2009. Let me know if this is the preferred venue or if you would like me to reserve a smaller venue for her to make an announcement such as Riggs Library (100 person venue).

Best, Colleen

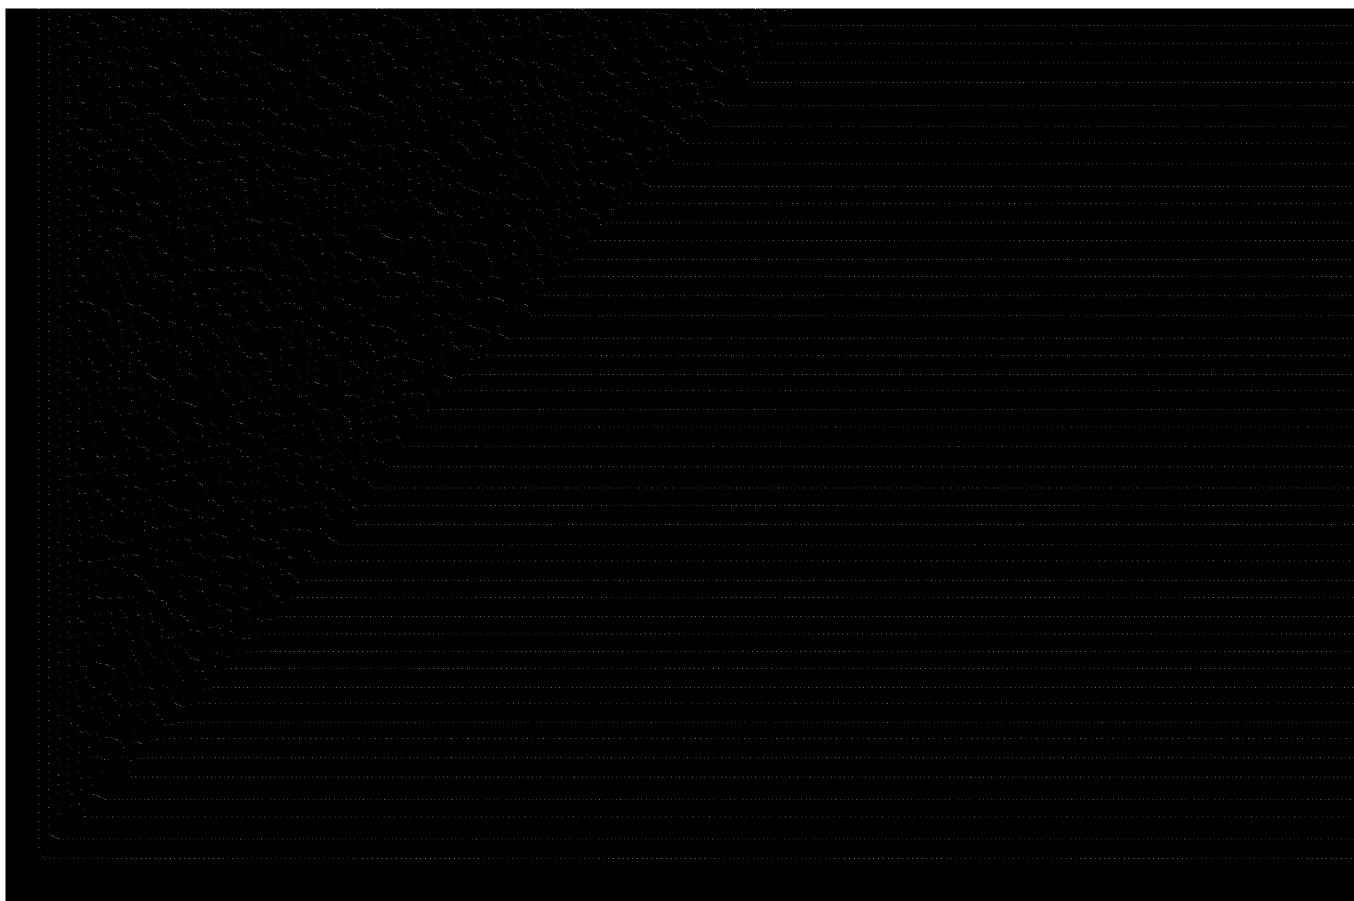

Gaston =

Thanks Lona.

Linking our Director of Protocol and Events, Colleen Litkenhaus.

We would of course love to have Secretary Clinton back here. Colleen knows best whether those dates are possible.

Thanks, ladies!
