I kind of heard that u were setting up or thinking about a foreign policy advisory council -- can't remember exactly. If you are--- pick ten of those people get on a conference call with them on Mondayand ask them to find ways they can validate the points you made in the speech (they can validate it by putting it in their blogs, or newsletters or in up coming speeches.) -- especially pushing the "Participation Age" -- which should become a living legacy phrase for you -- got to get the phrase branded as your quickly. m
