Alice,

[redacted] I note you wrote at 5:30 AM, while concerned about your near term scheduling. We need to get you in a better 'union'. I'm thinking the White House :-). Haven't given up on that and don't want to have made my last 'road trip' for you. Heard from [redacted] a couple of times. I am so happy about [redacted] & new adventure - [redacted]

[redacted] :-). Naturally she directed me to the Pew web site and your comments about her :-)

[redacted] World events amazing.

Was thinking about the issues in Korea, the Israeli confrontations at sea, nuclear shell game in Iran, and now the Japanese Prime Minister resigning.
