RELEASE IN PART B6

Dear Hillary,

Thanks very much for getting back to me. I know how busy you are and very much appreciate your taking the time to respond personally. Sid shared with me your thoughts on what we might do to be supportive. To that end Valerie wrote an oped that appeared in the Huffington Post (http://www.huffingtonpost.com/valerie-plame-wilson/arms-treaty-must-not-be-d_b_787586.html), and she has reached out to her colleagues from Countdown to Zero and Global Zero. You will see in a separate email that she has also written to Rich Verma. Perhaps some good will come of it.

On another subject, Symbion is doing very well in Tanzania. The MCC was able to report back to Senator Webb that finally an American company had won some MCC funded work. Not only are we in there but we have also taken another American power construction firm, Pike Electrical Solutions, out of Mt. Airy, North Carolina, with us as partners on three projects. By next summer there will be lots to see and to point to as evidence of American business in Africa. I do hope that your schedule will take you back to Tanzania and that you will be able to visit one of our projects. Valerie, the kids, and I will likely spend the second half of July there. I am looking forward to introducing them to a continent that has been such a large part of my adult life.

I will be in DC from December 6 to the 10th and will have a copy of the DVD of "Fair Game" with me. I would be happy to share it with you if you would like to see it.

Valerie joins me in wishing you and your family the very best this holiday season and for 2009. Joe
