Subject: Please View Our Just Released TV Ad Urging Passage of New START Treaty

B6

Friends,

The American Values Network (AVN) has a new ad and we wanted you all to be among the first to know about it! The spot is a recreation of the famous Johnson-Goldwater Daisy Ad and highlights the risk we still face all these years later from nuclear weapons. Watch it here: <http://www.youtube.com/watch?v=as1cTOx8Hrk>

We chose to do this ad because for the first time in 15 years U.S. inspectors are unable to monitor Russia's nuclear arsenals due to the Senate's failure to ratify the New START treaty. New START is the successor to President Reagan's historic START treaty and is essential to protecting America from a worst case scenario nuclear attack. With terrorists and dangerous regimes eagerly seeking to possess the bomb to use it on their enemies, we cannot risk letting Russia's arsenals go unmonitored. We must pass New START now.

For more information, visit our site:

Take a look at the ad and let us know what you think:

We're trying to raise awareness about this before the ad goes on air. Please help us by forwarding this to your friends and sharing it on facebook and twitter. Then please consider urging your Senator to vote for New START.
