Greetings!

Hope the world has settled down just a bit...

My father SO appreciates the call he received this morning from Johnnie Carson! (What a great name, at that...) I think it was very productive, and I think my dad was really heartened by what they discussed.

In the midst of all the craziness you're dealing with, it means so much that you reached out to help. And, I'll keep you posted on what develops, for sure.

As always, let me know if there is ever anything I can do for you.

Goodnight!

RYAN

Their Minister of Agriculture apparently just left the Memphis/Wynne area after a 10-day visit, and they want to offer something in writing for my dad on Monday or Tuesday. The goals seem to be setting up infrastructure for high-volume farms, rice production, sweet potato production, etc. And, my father facilitating the setup of a model farm, and bringing in people in agriscience, farmers, etc.
