B6

Hillary,

So special, as always, to be with you. We have been talking straight with each other for many years and I know the mutual respect and feelings we have for each other argues for more of the same in the future.

[redacted]

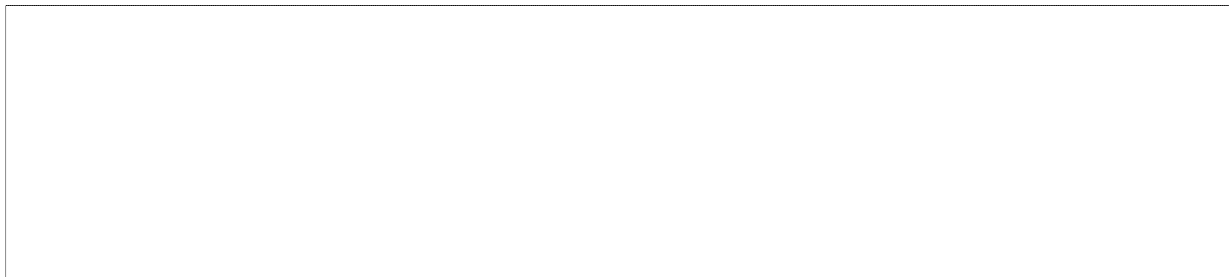

I look forward to seeing you in September after my AF/PAK visit. Maybe the same venue if your schedule will permit.

All the best, Jack

Thx for your warm wishes and for dinner last night. As always, I enjoyed our time together and look forward to hearing your reactions when you return from your visit to Afghanistan. Safe travels--H
