Castaic, CA 91384

Dear Mr. Greenewald:

This is the final response to your April 13, 2023 Freedom of Information Act (FOIA) request, a copy of which is enclosed for your convenience. The Office of the Secretary of Defense/Joint Staff (OSD/JS) FOIA office received your request on April 13, 2023, and assigned it FOIA case number 23-F-0711. We ask that you use this number when referring to your request.

The Office of the Under Secretary of Defense for Intelligence & Security (OUSD(I&S)), a component of OSD, conducted a search of their records systems and located 50 pages determined to be responsive to your request. The Initial Denial Authority for the All-domain Anomaly Resolution Office (AARO) has determined that portions of the 50 responsive pages are exempt from release pursuant to 5 U.S.C. § 552 (b)(5) and (b)(6) as described below:

(b)(5), which pertains to inter- and intra- agency memoranda which are deliberative in nature; this exemption is appropriate for internal documents which are part of the decision making process, and contain subjective evaluations, opinions and recommendations; and

(b)(6), information which, if disclosed, would constitute a clearly unwarranted invasion of the personal privacy of individuals.

Please note that we have considered the foreseeable harm standard when reviewing records and applying exemptions under the FOIA in the processing of this request. In this instance, fees for processing your request were below the threshold for requiring payment. Please note that fees may be assessed on future requests.

If you have any questions or concerns about the foregoing or about the processing of your request, please do not hesitate to contact the Action Officer assigned to your request, Samuel Giovannucci, at 571-372-6692 or [samuel.t.giovannucci.ctr@mail.mil](mailto:samuel.t.giovannucci.ctr@mail.mil). Additionally, if you have concerns about service received by our office, please contact a member of our Leadership Team at 571-372-0498 or Toll Free at 866-574-4970.

Should you wish to inquire about mediation services, you may contact the OSD/JS FOIA Public Liaison, Virginia Burke, at 571-372-0462, or by email at [OSD.FOIALiaison@mail.mil](mailto:OSD.FOIALiaison@mail.mil). You may also contact the Office of Government Information Services (OGIS) at the National Archives and Records Administration to inquire about the FOIA mediation services they offer. You have the right to appeal to the appellate authority, Mr. Michael Kremlacek, Acting Principal Deputy to the Secretary of Defense for Privacy, Civil Liberties, and Transparency (PCLT), Office of the Secretary of Defense, at: 4800 Mark Center Drive, ATTN: PCLFD, FOIA Appeals, Mailbox #24, Alexandria, VA 22350-1700. Your appeal must be postmarked within 90 calendar days of the date of this response. Alternatively, you may email your appeal to [osd.foia-appeal@mail.mil](mailto:osd.foia-appeal@mail.mil). If you use email, please include the words "FOIA Appeal" in the subject of the email. Please also reference FOIA case number 23-F-0711 in any appeal correspondence.

We appreciate your patience in the processing of your request. As stated previously, please contact the Action Officer assigned to your request, Samuel Giovannucci, and reference FOIA case number 23-F-0711, if you have any questions or concerns.

Good morning (b)(6)

We would love to share more about our product and technology. Please let us know when would be a good time to speak, and who will join from your side. I can invite our CTO and VP Product to share details if helpful.

Looking forward to speaking.

Best,

Mr. Taylor asked me to connect with you to better understand the product you are offering. There is a fairly broad spectrum of activity covered under data collection, data-driven reporting, and analysis with regard to this problem set.

Hi David -

Thanks for your note.

I'm sure you saw the UAP Congressional hearings

this week detailing the push for standardized, data-driven, rational reporting. And the call for the new AOIMSG office to work with external partners on data collection and analytics. We have a team of 20 engineers, data scientists, and ex service vets with clearance who have built this rigorous product.

It would be great to share more over a call and hear your thoughts. Is there a convenient time?

Thanks,
