Mr. John Greenewald

Dear Mr. Greenewald:

This is our Agency's final response to the electronic Freedom of Information Act (FOIA) request dated August 07, 2013 that you filed with the Department of the Air Force (DAF). The DAF referred your FOIA request to our Agency for action. In your request you sought records related to the August 7, 2013 report by a Costa Rican online newspaper concerning the shipment of nearly 24 tons of cocaine and heroin to the United States on a U.S. military plane for the drugs' destruction.

The search for information responsive returned the enclosed 38 documents, consisting of approximately 132 pages. Our preliminary review determined that the document contained equities from other agencies; thus, we referred the document to those agencies for review and reply back to this Agency prior to a final release determination. We regret any inconvenience that this coordination may have caused you.

The review of the documents determined that portions of information are partially released pursuant to 5 U.S.C. § (b)(3), the applicable statute 10 U.S.C. § 130(b), 5 U.S.C. § 522 (b)(6), and 5 U.S.C. § 522 (b)(7)(F). As such, release of this information is denied under 5 U.S.C. § (b)(3), 5 U.S.C. § (b)(6) and 5 U.S.C. § (b)(7)(F).

After our line-by-line review of the document, we have made the following release determinations:

a. Exemption 3, 5 U.S.C. § 552(b)(3), pertains to information exempted from release by statute, in this instance the pertinent statute is 10 U.S.C. § 130b, which protects personnel assigned overseas, or assigned in sensitive or routinely deployable units. . Thus, this information is not releasable under 5 U.S.C. 552 § (b)(3).

b. Exemption 6, 5 U.S.C. § 552(b)(6), permits withholding of personal information of individuals contained in personal, medical and other files that, if disclosed to requester, other than the person about whom the information is about, would reasonably be expected to constitute a clearly unwarranted invasion of the privacy of individuals. Thus, this information is not releasable under 5 U.S.C. 552 § (b)(6).

c. Exemption (b)(7)(F), permits withholding of information, release of which, could reasonably be expected to endanger the life or physical safety of any individual. Thus, this information is not releasable under 5 U.S.C. 552 § (b)(7)(F).

d. Redactions of information on the above-noted categories was made and marked on the enclosed documents. Denial of the redacted information is made pursuant to 5 U.S.C. § (b)(3), 5 U.S.C. § (b)(6) and 5 U.S.C. § (b)(7)(F) by MAJOR Gregory S. Musselman, USA, former Staff Judge Advocate, Joint Inteagency Task Force-South.

If you are not satisfied with this action, you have the right to appeal to the appellate authority, Ms. Joo Chung, Director of Oversight and Compliance, Office of the Secretary of Defense, by writing directly to ODCMO Directorate for Oversight and Compliance, 4800 Mark Center Drive, Attn: DPCLTD, FOIA Appeals, Mailbox #24, Alexandria, VA 22350-1700. Your appeal must be postmarked within 90 calendar days of the date of this response. Alternatively, you may also submit your appeal electronically, within 90 calendar days of the date of this response, at the following link: <https://pal.whs.mil/palMain.aspx>, or email your appeal to OSD.FOIA-APPEAL@mail.mil. If you use email, please have the words "FOIA Appeal" in the subject of the email. Your appeal should cite case number SC 13-159-S, and be clearly marked "Freedom of Information Act Appeal." A copy of this letter should be enclosed with your appeal.

As previously stated, we referred the document to other agencies for their review; thus inputs from the Department of the Air Force (DAF) and the Drug Enforcement Agency (DEA).

DAF request withholding of information release of which would reasonably be expected to constitute a clearly unwarranted invasion of the privacy of individuals under 5 U.S.C. § 522 (b)(6). The Initial Denial Authority for this information is Colonel David A. Schilling, US Air Force. You may appeal DAF withholding by writing within 60 days from the date of our response to HQ AFRC/A6 FOIA Office, 155 Richard Ray Blvd, Robins AFB GA 31098-1635, please cite case control number DAF # 2015-00044-C.

DEA review determined that some portions of information are not releasable pursuant to 5 U.S.C. § 552 (b) (7)(C), 5 U.S.C. § 552 (b) (7)(E), and 5 U.S.C. § 552 (b) (7)(F). DEA Initial Denial Authority for this information is Clarinda Risher. You may appeal DEA withholdings by writing within 60 days from the date of our response to U.S. Department of Justice, Drug Enforcement Administration, FOI/Records Management Section, 8701 Morrissette Drive, Springfield, Virginia 22152. Please cite case control number 15-00018-FC.

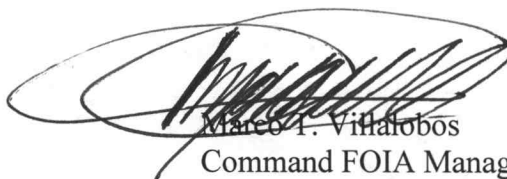

a. Exemption (b)(7)(C), permits withholding of information, the release of which could reasonably be expected to constitute an unwarranted invasion of personal privacy of a living person, including surviving family members of an individual identified in such a record. Thus, this information is not releasable under 5 U.S.C. 552 § (b)(7)(C).

b. Exemption (b)(7)(E), permits withholding of information, the release of which would disclose techniques and procedures for law enforcement investigations or prosecutions, or would disclose guidelines for law enforcement investigations or prosecutions if such disclosure could reasonably be expected to risk circumvention of the law. Thus, this information is not releasable under 5 U.S.C. 552 § (b)(7)(E).

c. Exemption (b)(7)(F), permits withholding of information, release of which, could reasonably be expected to endanger the life or physical safety of any individual. Thus, this information is not releasable under 5 U.S.C. 552 § (b)(7)(F).

With this action, I am administratively closing this file in our office. There are no assessable fees associated with this response. Address any further questions to the undersigned at (305) 437-1108. Refer to the above case control number.

Sincerely,

Marco T. Villarobos
Command FOIA Manager

I have attached a copy of the approved 10-04 request for DOD to support LEA. RADM Mehling, Director JIATFS, was briefed and with delegation of authority of the Commander USSOCOM approved the mission last Thursday. Similar (b)(7)(E) have been coordinated and executed in the past using assets from the (b)(7)(E). If you need specific information on past events, I will have to contact the agencies involved to ensure the information is releasable and pass it to you through secure communication.

RE: Cargo Mission 27 July

Good morning (b)(6) USAF
I'm in my office and am able to discuss the 2T2 support at Homestead after you get caught up on your e-mails. If possible, I'd like to have most of the coordination done today as I will be on vacation for the next 10 days.

Appreciate the support and look forward to discussing the requirement.

Please plan to reimburse the man-day cost if they can identify two T2Ts in Homestead to assist with this CD mission. Their task will be to download the C-17 wait for the load to be broken down to expendable pallets and transload the load the cargo to OTR assets. It's easier and less expensive to bring two reservist in from Homestead than pay the cost for a team from Charleston.

Hope your enjoying the new job.

Hello [redacted] (b)(6) | USAF

[redacted] (b)(3); 10 U.S.C. § 130b, (b)(6) called today to ask if we have 2 ea 2T2 personnel from the Port available to assist with download of 6 pallets from a C-17 on 27 July. A staff of personnel will break the pallets down to wooden skids, and the 2T2s will be asked to load the cargo onto flatbed trucks, which will be standing by. I copied you on the request I sent to [redacted] (b)(6) to ask if he has the personnel available to perform the mission. Funding will come from [redacted] (b)(3); 10 U.S.C. § 130b, (b)(6)

Please plan to reimburse the man-day cost if they can identify two T2Ts in Homestead to assist with this CD mission. Their task will be to download the C-17 wait for the load to be broken down to expendable pallets and transload the load the cargo to OTR assets. It's easier and less expensive to bring two reservist in from Homestead than pay the cost for a team from Charleston.

Hope your enjoying the new job.

Hello (b)(6) | USAF

(b)(3):10 U.S.C. § 130b,(b)(6) called today to ask if we have 2 ea 2T2 personnel from the Port available to assist with download of 6 pallets from a C-17 on 27 July. A staff of personnel will break the pallets down to wooden skids, and the 2T2s will be asked to load the cargo onto flatbed trucks, which will be standing by. I copied you on the request I sent to (b)(6) to ask if he has the personnel available to perform the mission. Funding will come from (b)(3):10 U.S.C. § 130b,(b)(6)

(b)(3):10 U.S.C. § 130b,(b)(6)

If the Port can support, I will route the request to (b)(6) for his approval. | USAF

If you have any questions, please call me. Additionally, [redacted] can be reached at [redacted]

Thank you,

[redacted]

Good Morning,

DEA

For your information we are waiting for the costaricans to secure payment and contract the forklift. I spoke with (b)(7)(C),(b)(7)(F) yesterday afternoon in regard to have the forklift secure as soon as possible (not later than today). I will call him today around 1300 local to see what the status is.

Thanks much for the assistance (b)(3):10 U.S.C. § 130b,(b)(6) I'm not sure if I can get the pallets to KPIE or if they have some available. Now that I have a sense of direction I'll start coordinating to make this happen. Again thanks for the assistance and the quick response. I will be in contact with you soon.

We have a high priority requirement to move cargo from MRLB to CONUS but are unable because of a lack of 463L pallets at the location. I see there are a couple C-130s moving in theater prior to 18 July and request your assistance to divert one to drop the pallets.

Your response and any assistance provided is greatly appreciated.

Alternatively, I could build the load plan here, once provided with the exact dims of the cargo to determine the amount of each pallet, and especially since everything is going on 463Ls.

I stated we do have the required 6 pallets and top nets to loan out. We can work together to retrieve those items once they return to the states. I would like to add, the best time for us to make the drop is on the departure into theatre day, July 4th, because that day the crew/Aircraft is only prepositioning for the next nights, July 5th, missions and they will have plenty of time to make the mission happen that day and get to TAD location and still meet the crew rest requirements.

Just wanted to throw that idea out there, just let us know what you need.

DOJ/DEA

Good morning [redacted] (b)(7)(C),(b)(7)(F)

As discussed I requested assistance from [redacted] (b)(3):10 U.S.C. § 130b,(b)(6) in J3 Air to move six pallets to MRLB. [redacted] (b)(3):10 U.S.C. § 130b,(b)(6) is working with USCG Clearwater to divert a C-130 sometime around 4 July. I also talked to USCG Clearwater's Supply Officer, [redacted] (b)(6), who is checking on acquiring the pallets w/nets and putting them on the C-130 upon the aircraft departing.

As for the actual cargo movement, I have a C-17 confirmed to execute the mission the weekend 27 July. Knowing that the personnel transporting the cargo to the airport are unfamiliar with cargo preparation and loading of 463L pallets, [redacted] (b)(3):10 U.S.C. § 130b,(b)(6) (JIATFS DRL) will provide oversight and direction to your team. For the actual loading of the aircraft a 10K forklift w/driver will have to be rented or borrowed- [redacted] (b)(3):10 U.S.C. § 130b,(b)(6) can also assist with this coordination. The cargo is required to be at the airport and prepared for loading NLT four (4) hours prior to the aircraft scheduled arrival. Not that I predict an unfortunate event, but as a precautionary measure I recommend you have a contingency plan to secure the cargo in the event the aircraft breaks or is delayed.

Please do not reply "All" to this e-mail as I added a couple folks on that won't need future SA.

What's the solution for weighing the pallets? We won't be able to put them on the plane without the heights and weights of each pallet being annotated on the load plan.

This is the cost for the Forklift and dunnage.
 - 10K forklift rental available. Minimum cost is \$500 for 5 hours + \$100 for each additional hour
 - 8-foot 4x4s can be purchased at local lumber yard for \$19.00 each. Approx cost for 18 timbers is \$342 + \$30 for delivery = \$372

In the staff meeting you wanted me to check in with (b)(3):10 U.S.C. § 130b,(b)(6) regarding portable scales; she does not have any either. She said she could probably start checking around, but since it's a high probability we will not secure scales from her, I told her to stand down.

However, I did lean forward and inquire with the folks from Charleston Affiliation, and got an initial green light to borrow some portable scales. We'll discuss, as I may use the UC-35 to drop these scales into MRLB enroute to Panama. More to follow...

Thanks for following up with us regarding this issue. As discussed per our TELCON, the scales may be required downrange to weigh some cargo that will be loaded on 463L pallets. Our folks downrange are still in the process of attempting to secure portable scales...efforts thus far has proved futile. We should have a firm decision by 17 July as to whether or not we'll pursue the option with you and your team.

We have a UC-35 that is supporting a mission for us downrange 24-26 July. The UC-35 will preposition at KNQX on 23 July from KDAA; we may route through KCHS to retrieve the scales. We will return the scales to your unit in Homestead to leverage the drill weekend you guys have scheduled 27-28 July. More to follow next week...

Thanks!

I spoke with my DO about the request to borrow 2 wheel loader scales for transport for weighing of cargo.

You mentioned that this is an option and that you were getting an idea of options for getting scales.

The option was to fly into KCH5 on 23 July and pick up a box of 2 scales. The pilot would sign a hand receipt for them and continue on to FL and further.

The return could be as simple as delivering it to Homestead ARB, FL to be put on a returning leg after our drill weekend (Sunday, 28 July). Or they can be FedEx'd back. The options are just that...options.

But for now, it looks as if we can get you the set of scales.

My DO did express some concerns with FedExing them back. We can discuss that more.

Very respectfully,

Were you guys able to locate any portable scales in country? We are currently exploring the option of transporting scales to your location via a UC-35; this is a very unattractive option, however, it may be our only option at this time. What complications do you foresee if you were to weigh the cargo at the airport (MRLB), using the airport scales? I discussed this with Sam over the weekend, and of course this is not our best option either. Thanks!

Everything look in order for the forklift to show up at the schedule time. I have been working real close with (b)(7)(C),(b)(7)(F) to ensure the forklift shows on time. We just have to wait on the movement from San Jose to Liberia. | DEA

Also, I send the below email to (b)(3):10 U.S.C. § 130b,(b)(6) but have not gotten an answer. If the aircraft is going to required fuel we need to know in order to make the necessary coordination's.

UNCLASSIFIED

(b)(3):10 U.S.C. § 130b,(b)(6)

Could you find out if the C-17 is going to require fuel and how much?

Please be aware, that on the day and time the aircraft is schedule to arrive is the busiest time for commercial flights (1030 - 1400 local), therefor they have priority. This might delay getting fuel for the aircraft.

Also, could you give me the correct Embarkation and Debarkation code I need to put on the DD Form 275?

If any questions please let me know.
