REMARKS

CASE AGENT: (U) SH (b)(6); (b)(7)(C)
AFOSI Detachment (Det) 334 Pentagon, Washington, DC.

BACKGROUND:

This investigation was initiated on 22 Dec 17 following the 16 Dec 17 release of a video of two F-18 Hornets tracking an unidentified flying object (UFO) to the New York Times news agency. The video in question named "Gimbble" was previously classified and it was unknown if the proper declassification unauthorized was gained prior to the release of the video. Civ (b)(6); (b)(7)(C) (SUBJECT), however, a short time later he disclosed his involvement (to several news outlets) with the Advanced Aerospace Threat Identification Program, which focused research issues on Unidentified Flying Objects.

Prior to SUBJECT's departure from the DoD in October 2017, he submitted a request to have three classified videos downgraded via a DD Form 1910, "CLEARANCE REQUEST FOR PUBLIC RELEASE OF DEPARTMENT OF DEFENSE INFORMATION," to Civ (b)(6); (b)(7)(C) Defense Office of Repubic and Security Review, Pentagon, Washington, D.C. The videos were "GoFast," "Gimbble," and "FLIR," all three videos were classified. The downgrade request was submitted on 9 Aug 17, but there was no indication the request was ever granted. (Agent Note: The DD Form 1910 was the form provided, but was not a form used for the declassification process. The DD 1910 is used for the public release of DoD information.) The request for release there was no indication the videos would be release to any news media outlet. The reason for publication was listed as, "Not Applicable. Not for publication. Research and analysis ONLY and info sharing with other USG and industry partners for the purposes of developing a database to help identify, analyze, and ultimately defeat UAS threats." (b)(6); stated he would not have approved the videos for release to the media. Additionally, (b)(6); never received confirmation the videos were declassified.
