Dear John Greenwald,

This is in response to your 16 December 2024 Freedom of Information Act (FOIA) request for: Records of unidentified drone activity at Wright Patterson Air Force Base from 01 November 2025 through 16 December 2025. The request was assigned control number 2025-01757-F ST4.

A thorough search for any segregable, releasable information in existence and relevant to your request was conducted. Following a document-by-document review, no additional, meaningful, non exempt information that could be reasonably segregated and released was located beyond what you are receiving. The records you have requested, therefore, are partially exempt from disclosure under FOIA Exemptions 6, 7C and 7E.

Exemption 6 of FOIA permits the government to withhold personal information when the disclosure of such information "would constitute a clearly unwarranted invasion of personal privacy." Information such as names, signatures, and contact information not ordinarily available to the public have therefore been removed under Exemption 6. The authority for this exemption is found at 5 U.S.C., Section 552(b)(6).

Exemption 7(C) protects information contained in records compiled for law enforcement purposes, the disclosure of which could reasonably constitute an unwarranted invasion of privacy. The disclosure of any private information regarding the various third parties and personnel as fully documented in these records could result in a clearly unwarranted invasion of personal privacy and has therefore been withheld. The authority for this exemption is found at 5 U.S.C., Section 552(b)(7)(C).

Exemption 7(E) protects records that are predominately internal, release of which would cause harm to agency operations or allow circumvention of agency regulations or statutes, thereby substantially hindering the effective performance of a significant function of the DoD. Specific to your request, portions of the responsive records involving techniques tactics and procedures for law enforcement investigations or prosecutions have been redacted. The authority for this exemption is found at 5 U.S.C, Section 552(b)(7)(E).

If you disagree and interpret this response as an adverse action, you may write to the Secretary of the Air Force, Thru: 88 CS/SCSIF, 3810 Communications Blvd, Wright-Patterson AFB, OH 45433-7802, within 90 calendar days from the date of this letter. Include in the appeal your reasons for reconsideration and attach a copy of this letter in the appeal. You may also submit your appeal on-line at the Air Force's Public Access Link: <https://efoia.cce.af.mil/>.

You may contact the Air Force FOIA Public Liaison Officer, Mr. Robert E. Bivins, concerning this final response at Air Force FOIA Public Liaison Office (SAF/CN) , 1800 Air Force Pentagon, Washington, DC 20330-1800 or DAF.FOIA@us.af.mil or (703) 614-8500. You may also seek dispute resolution services from the Office of Government Information Services, and can find information on this Office at <https://ogis.archives.gov/mediation-program/request-assistance.htm>. Using the dispute resolution services, will not affect your appeal rights.

IV. STATEMENT

I (b) (6), (b) (7)(C), (b) (7)(E) was posted as Police-2 on 16 December. At 23:30, I was dispatched to the flight line to remain vigilant in the area around bass lake. At 2343, while driving out towards bass lake on Skeel Ave, I saw four bright amber lights coming down from the sky which looked like a plane attempting to land from the Southwest. Once the object made it approximately 500 feet from the runway, it started to lift back into the sky and flew directly over me. I asked BDOC if the tower had anything in the air space and they relayed that to be negative. The object had Engines on the side and wings. The object was a little bit bigger than an F-16 and was gray in color. I lost sight of the aircraft once it got high into the clouds, but it was heading towards the direction of Huber Heights, Mad River RD area. At 2357 Fire Chief 2 relayed there was a dark in color vehicle sitting outside of the fence line on route 235. Myself and (b) (6), (b) (7)(C), (b) (7)(E) Police-1 were dispatched to make contact with the vehicle. At 00:00, (b) (6), (b) (7)(C), (b) (7)(E) and I exited gate 26A to make contact with the vehicle. Once we got to where the car was, it was already gone. We did sweeps of the area on Sandhill RD resulting in negative findings. /// END STATEMENT ///

IV. STATEMENT

On 16 December 2024 at 2230 while on duty as Security-5 Lead, me and my Partner [REDACTED] / Security-5A were dispatched to the west ramp of the flightline at Wright Patterson AFB because of possible drone sightings. Upon arriving, we were able to identify the drones that were being Radioed in, specifically the drone above Gate 26A. The drone above 26A was hovering pretty high thousands of feet above. It had white and red blinking lights. I noticed many of the sightings called in were actual commercial aircraft which I verified through the App Flight Radar24. Me and my Alpha spotted and upchanneled 2 additional hovering crafts one by Bass Lake, and one directly west of our position above Rt. 283. These shared similar characteristics: blinking lights, high altitude, stationary. We maintained security of the west ramp until the activity died down and then performed a sector sweep of our area with no findings. // End of Statement

IV. STATEMENT

On December 16, 2024, at approximately 2200, I (b) (6), (b) (7)(C), (b) (7)(E) was dispatch as security 2 to help locate potential drones being reported. (b) (6), (b) (7)(C), (b) (7)(E) and I drove to Skeel AVE across the street from WPAFB passenger terminal. I saw the first aircraft at approximately 2215. The aircraft had blinking red lights and was about 800 feet up going over the passenger terminal towards Fairborn. We then moved to Skeel AVE and Littrell RD where I saw the second aircraft at approximately 2230. This Aircraft was approximately 800 to 1000 feet in the air with blinking white lights and traveling in straight lines back and forth from gate 26A to Huber Heights while passing over the flight line. The third Aircraft was coming from Fairborn over the west ramp and going towards Mad River. At approximately 2340 to 2345, I was driving on Skeel AVE going towards Gate 26A when I noticed what seemed to be an aircraft flying about 500 feet and dark in color with fixed wings and red/yellow lights on the rear of it. This Aircraft looked as if it was about to land on the flight line before pulling up. I trailed it where it diverted by banking left and going into what appeared to be Huber Heights. ///END OF STATEMENT///

IV. STATEMENT

On 11 December, I, (b) (6), (b) (7)(C), (b) (7)(E) was posted at Police 6 when I heard Security-5 notify BDOC on the radio they saw an object in the sky near the Scout Camp that appeared to be a drone. After BDOC dispatched Police-2 to assist Security-5 locate the object in the sky I decided to go see if I could see it from the Twin base Golf course located on Route 444. At 2350, I arrived at Twin Base Golf Course, and I could see a object in the sky with blinking red and white lights approximately 200 feet in the sky over the boy scout camp on WPAFB Area A. I could not tell what the object was due to the distance I was away from the object. All I saw was the blinking lights coming from an object in the area where Security-5 and Police-2 stated they saw the object. /// END STATEMENT///

IV. STATEMENT

On 11 December 2024 at 2349 hrs located on Wright Patterson Air Force Base adjacent from the base hospital as Police-2. The desk notified me via radio that Security-5 had spotted a unidentified flying object in Charlie land. The desk instructed me to respond to the K-9 kennels to do a walk around of the facility to see if we can locate either a person or the unidentified flying object itself. So me and Police-2A walked around the facility and towards the rear that was adjacent to the wood line we spotted the unidentified flying object in the sky. The unidentified flying object was 150ft above the tree line just hovering but at the same slowly moving in the opposite direction towards off base deep in the tree line. Before the object disappeared Police-2A took a video of it and it disappeared from our view. The unidentified flying object resembled a drone, approximately 12 inches in length, moved very slow, red and white lights blinked on it constantly and possibly a occasional green light. IV. STATEMENT

On 16 December 2024 Approximately at 2305 I (b) (6), (b) (7)(C), (b) (7)(E) ROMEO 3 was sent out the building 295 to start sweeping the area for possible drones within the instillation airspace. I positioned myself between building 295 and the Airman parking lot facing the direction of NASIC. Approximately at 2325 I noticed two possible drones with red and white blinking lights flying from the direction Guardian 12 towards the direction of Huber Heights over the west ramp. Due to the darkness I couldn't identify the actual height of the possible drones. What I could identify was that they were flying in a straight line spaced from each other, with the first possible drone leading flying lower and the trailing possible drone flying higher having a great distance separated from each other approximately 1000m altitude from each other. I then sighted two more possible drones flying in the same pattern spaced and traveling the same direction shortly after. At approximately 2329 I called in a possible drone sighting flying from the direction of Guardian 26. The only description I have is the color of blinking red lights only, flying solo towards the direction of bass lake from what I can assume was towards the flight line. My next sighting was around 2336 I noticed a possible drone fly from what I could see was the direction of travel was from the possible direction of bass lake towards Guardian 1. The possible drone had one red and white alternating lights and seemed to be flying lower than the other possible drones I witnessed. Around 2340 I noticed a Grey in color aircraft with four amber color navigational lights, one on each wing and two on the nose, was flying low about 500ft from the ground. At 2342 I land-lined BASE DEFENSE OPERATION CENTER and made contact with (b) (6), (b) (7)(C), (b) (7)(E) /BDOC to see if the tower was expecting aircraft. I was put on hold then shortly after around 2345 a net announcement was made stating that there was no authorized flying at the time. Approximately 2353 I saw a red in color possible drone flying from North to South off base. Around 0011 I saw my last sighting of five more possible red in color was heading the same direction spaced out from each other at different heights. At 0100 I conducted a full walk around of BLDG 295 and 296 to have a full visual of the areal space around the surrounding location with negative findings. I then terminated my walk around at 0110: //END OF STATEMENT// (b) (6), (b) (7)(C), (b) (7)(E)

IV. STATEMENT

While patrolling as Police-1 on 16 December 2024, at around 11:20pm, I was dispatched to sweep my area for possible drone activity. After sweeping the fence line of Area A, I was requested to return to bldg. 295 to sign out a range finder from the armory. After signing out a range finder I continued sweeps in my area with negative findings. I was then dispatched to Gate-26A to overlook the flight line. I stayed at Gate-26A to the incident was terminated. I did not see anything that I would think was a drone. I continued sweeps in my area until end of shift. END OF STATEMENT//

STATEMENT

At 2336 on 11 Dec 2024, while conducting a routine patrol as security 5 in my Area Of Responsibility, Me and my Alpha (b) (6), (b) (7)(C), (b) (7)(E) were driving along Riverview Rd adjacent to the Fire Training Site, I observed a large object with multiple white lights and a blinking red light hovering just above the tree line, heading in the same direction as us NE, at an estimated altitude of 150 feet. I immediately alerted (b) (6), (b) (7)(C), (b) (7)(E), saying something to the extent of "Hey, what is that?" while pointing in the direction of the object. My Alpha visually confirmed the sighting and promptly up-channelled the information to BDC. Maintaining visual contact with the object, I continued driving in the direction it was heading in an attempt to obtain photographic evidence. The object was clearly visible due to the lack of trees near the Fire Training Area. However, as we pursued, the dense tree line further along Riverview Rd obscured our view of the object. We continued searching for the object until the treeline ends at Arnold and Douglas Rd, we turned around and heading back towards the original area we spotted the object. After returning we observed what we believed to be the same object. However, it appeared to be significantly higher in altitude and further away, heading south-west. We searched all assets within our AOR with negative findings. //end of statement// (b) (6), (b) (7)(C), (b) (7)(E)

V. STATEMENT

On December 13th 2024, at around 22081, (b) (6), (b) (7)(C), (b) (7)(E) spotted, what looked to be a black small sized quad-copter drone, with flashing red and green lights flying at a rapid speed towards fire station #2 on the west ramp. I contacted BDOC using my issued mobile radio and relayed information regarding a drone flying at rapid speed. I began to chase the drone off the west ramp unto Mitchell drive, heading towards the family RV Camp. The drone slowed down and headed west bound over the tree line and I lost sight of it. I then swept the area looking for a drone operator with negative findings, I decided to sweep towards the boy scout camp and when I looked in my rear view mirror. I saw blinking green and red lights coming in my general direction approximately over the munitions site. I turned the vehicle around and sped to its location, when I got close around 110 feet. I saw four quad-copter drones with red and green lights in a tight diamond formation, I used my cars spotlight system and placed the light on the quad-copters, when I illuminated the drones, it then lowered in altitude, gained altitude and flew away at a rapid speed and I lost sight of the drones, I contacted BDOC again with mobile radio describing the events and continued to sweep the area with negative results. IV. STATEMENT

On 11 December 2024, I (b) (6), (b) (7)(C), (b) (7)(E) was posted at Security 5A. As my lead (b) (6), (b) (7)(C), (b) (7)(E) was driving north-east on Riverview road adjacent to the fire training site he stated "hey what is that" pointing up above us and to the left. When I looked at the flying object, it looked to be a four to six propeller drone approximately 4x6 feet, a red & two white lights while elevating 150 ft in the air. The object was traveling north-east above the tree line to the left of the road. As I called BDOC (b) (6), (b) (7)(C), (b) (7)(E) attempted to follow the drone. Shortly after getting to Wright Patterson Scout Camp, we lost sight of the drone. We continued driving north-east on Riverview road until we got to the Douglas and Arnold intersection where we turned around and continued sweeping for the object. We stopped and got out of the vehicle when we got back to the area that we spotted the object the first time, and we saw a very similar object flying A lot higher heading south-west. Afterwards we got told by BDOC to do (b) (6), (b) (7)(C), (b) (7)(E) After all sweeps were done BDOC terminated and we came back to the desk. IV. STATEMENT

ON December 16th 2024 at 2230 I was Posted at Sentinel 22 as lead while monitoring radio traffic and hearing about Drones possibly being in my area. I stepped outside of my gate shack and observed what appeared to be 2 drones flying at 1/2k ft. traveling from the Northeast of my location to the west towards Dayton, they were flying in formation with one another not changing distance between the 2 and did not follow a normal flight pattern from what I could see. I radioed in my sighting and did my best to capture a video. These were the only 2 aircraft that I can confirm that I saw in that duration of time. The aircraft had 2 red lights, one being on either side, and a white strobe in the leading direction. Further details are unknown due to weather and night conditions. ~~for~~ **/// END OF STATEMENT ///**

On December 16 2024, at approximately 22:00, BDOC relayed over the net of possible drones near Area B and dispatched patrols to the area for sweeps. BDOC also relayed of an individual by the name of [REDACTED] who called in the aircraft and dispatched Police-5 to make contact with him. While sweeping my area, I saw three to five white lights moving together as a group. I relayed it to BDOC via radio. As Police-7, I had visuals for about three minutes before I lost sight of the lights. I continued to sweep my area for more sightings but didn't see anything further. (b) (6), (b) (7)(C), (b) (7)(E) stated that the sUAS was black, with four (4) propellers, was roughly 6 inches in size, and had alternating red and green lights. The sUAS flew over Fire Station #2 at roughly 20 feet in the air, where he lost visual contact with it. (b) (6), (b) (7)(C), (b) (7)(E) and (b) (6), (b) (7)(C), (b) (7)(E) drove in the direction of Family Camp near Riverview Drive where they regained visual confirmation of the sUAS. (b) (6), (b) (7)(C), (b) (7)(E) relayed to BDOC that there were three (3) additional sUAS flying in a diamond formation. At 2209 (b) (6), (b) (7)(C), (b) (7)(E) /Control 1A confirmed with (b) (6), (b) (7)(C), (b) (7)(E) /Alarms-1 that no objects were visible on the (b) (6), (b) (7)(C), (b) (7)(E). At 2209 (b) (6), (b) (7)(C), (b) (7)(E) /Police-1 and (b) (6), (b) (7)(C), (b) (7)(E) /Police-2 were dispatched to conduct sector sweeps on Area A and the surrounding highways with negative findings. At 2220 (b) (6), (b) (7)(C), (b) (7)(E) contacted the Air Tower and the Base Operations Center to ask if any inbound flights were on their radar, both offices said that they did not have any known aircraft coming into WPAFB air space. At 2230 the Air Traffic Control Tower relayed that Wright Patterson' air space was shut down. At 2235 (b) (6), (b) (7)(C), (b) (7)(E) relayed that the formation flew out of his view in the direction of Highway 4, to the North of the installation. Sweeps of the area were conducted to determine that no suspicious packages or objects had been dropped by the sUAS and there was no evidence of a human operator in the vicinity. Additional sightings were reported, but they were determined to be authorized aircraft flying above WPAFB's air space or shooting stars produced by the meteor shower. At 2240 the incident was terminated.
