This letter is in reference to your Freedom of Information Act (FOIA) appeal dated 18 May 2021 for “a copy of a listing or database of foreign technology and analysis reports on: parachute, parachutes, and aerodynamic decelerators.” We received your appeal and assigned case number [REDACTED] to it.

A second search was conducted and records were located. After reviewing the documents it was determined that documents are releasable with exception of the classified information. The classified information is exempt from public disclosure under United States Code, Title 5, Section 552(b)(1) and Executive Order 13526, Section 1.4(c). The information is properly and currently classified, as specifically authorized under the criteria established by Executive Order 13526 and its unauthorized disclosure could reasonably be expected to cause damage to national security.

The FOIA provides for the collection of fees based on the costs of processing a FOIA request and your fee category. We have placed you in the “All Other” fee category, which entitles you to get the first 2 hours of search and the first 100 pages of reproductions free. The documents we are providing you contain a total of 36 pages. There will be no duplication charges for the 36 pages.

Should you decide that an appeal to this decision is necessary, you must write to the Secretary of the Air Force within 90 calendar days from the date of this letter. Include in your appeal any reasons for reconsideration you wish to present and attach a copy of this letter. The appeal should be forwarded to:
