CPT (b) (6), (b) (7)(C)  
It was long time ago, 12/23/2022. I've sent out an email to the watch commander after it has happened. I know it went up to the Chief because he called me. It is a matter of a past for me, there were no major injuries, no doctors needed, little sore arm; not a big deal. I'm not asking for anything, have no problem with this pup but I'm more cautious next to family pets. I'm currently on my leave and coming back to work next week. I'm attaching copy of original email I've sent out before.

“Undersigned officer reports incident occurred on 12/23/2022 around 2030 hours at post (b) (6), (b) (7)(C) While first family was coming back from tennis pavilion, (b) (6), (b) (7)(C) (b) (6), (b) (7)(C) having her hands being full and no one else around I did try to open the closed door to the deep room for her; at that moment first family dog passed everyone towards the deep room door. Having doors not being fully open yet he bit me in my left forearm. One of the SAs and (b) (6), (b) (7)(C) witnessed that incident. Fortunately I was wearing multiple layers of clothing so it didn't leave any marks.”

ATSAIC (b) (6), (b) (7)(C)

On October 02, 2022, I was bit/grabbed on the left forearm by the President's dog Commander. I was holding the door open of the Palm Room/West Colonnade side. I was working shift that day and the incident occurred when the President took the dog out on the South Grounds. Upon returning inside is when the incident occurred.

Commander and POTUS were entering the Palm Room through the West Colonnade. Commander came in first circled back and grabbed my arm left arm. He then stood up and back down. He is literally my height standing. POTUS entered shortly after since he was trailing behind him. POTUS entered the Palm Room and said, "(b) (6), (b) (7)(C) (b) (6), (b) (7)(C)". He proceeded to the 2nd floor residence.

I told the working SL (b) (6), (b) (7)(C) about the incident. He asked if I wanted to see the White House Medical Staff and checked on me several times during the shift. I ultimately did see Dr. (b) (6), (b) (7)(C), WHMO during the shift. He examined me and no puncture wounds were found.

I was in shock that the incident occurred. After this I was concerned about him getting out of the residence or being out without a leash for others safety and mine.

Please let me know if anything else is needed.

Good morning,

On Wednesday, October 5, 2022 at approximately 0700 hours, the First Lady brought the family pet "Commander" out to the South Grounds. I was posted on the (b) (7)(E) (b) (7)(E) to conceal from the First Lady and "Commander" due to him always barking and coming to us (ERT). This time "Commander" while barking jumped on me and "mouthed" my left hand (minor scrapes, no real injuries). I commanded to him "No, Down" and he got down but continued barking at me until the First Lady recalled him due to being off leash.

I called my Lieutenant (b) (6), (b) (7)(C) and passed the information. He said that he would pass the information to the Watch Commander. At 0918 hours (b) (6), (b) (7)(C) from the JOC called me and said that he witnessed the incident on camera. At 0927 I received a call from (b) (6), (b) (7)(C) asking about the incident. I gave him all the information and told him I was worried about the family pets behavior escalating and that I was worried something worse was going to happen to others. He apologized to me for it happening and said that he would pass this on to the Staff to keep control of the family pet. I did not ask for or receive medical attention. I've had no further incidents at this time.

Sir, just a heads up. This evening when they brought Commander down for a walk, Ofc. (b) (7)(C) who has been tagged in the past was at (b) (7)(C) stepped into the Doc office to avoid the dog. The military folks then called for commander to come over. Ofc. (b) (7)(C) reached out to Lt. (b) (7)(C), (b) (6) and advised him of the situation. Lt. (b) (7)(C), (b) (6) spoke with the WH doc's and asked them not to call the dog over when our personnel where around. Just a FYI in case you hear something.

Good evening gents,

Just for situational awareness. It seems that we're back to the K9 being let off leash to roam the grounds freely.

Tonight we had the team on the roadway for the evening sweep when (b) (7)(E) brought the dog out. K9 ran directly south and bounced between us techs. Though no one was bitten it's just a matter of time before it happens.

Recommendation would be (b) (7)(E)

FLD camp team,

Family pet is up at camp and is either let out or gets out of the house on his own, off leash. I just had a run in with him while making a push and I'm pretty confident if I hadn't gotten startled causing my cave man instincts to kick in with a bicep flex and a yell, he would have tagged me.

In all seriousness, standing tall and yelling his name and "stop" is your best bet to not get bit. Once I yelled at him and faced him, he turned around and started sniffing a bush (aka respecting me as the alpha I am)

Also, if you see him off leash, don't forget to let the security room know so others don't get caught by surprise.

Hit me up with any questions

Sir,

I was just informed but a SA at (b) (6), (b) (7)(C) that there were two additional bites on Sunday June 11, 2023. Two members assigned FLD.

One is SA (b) (6), (b) (7)(C) – SA advised the dog jumped up on (b) (6), (b) (7)(C) knocked (b) (6), (b) (7)(C) to the ground and bite (b) (6), (b) (7)(C) in the Chest and Arm.

Not sure of the other SA. I don't see them on the list.

Respectfully,

Sirs – please see the attached.

█

On 6/15/23 at 1029 hours, SA (b) (6), (b) (7)(C) (SOD/CAT) was bit by the family pet (Commander). The dog bite occurred inside of the Kennedy Garden as SA (b) (6), (b) (7)(C) was walking from the Residence to the South Grounds, via the Booksellers. SA (b) (6), (b) (7)(C) had been asked to move the CAT trucks which were parked on the South Grounds adjacent to (b) (7)(E) (per UD, a large vendor vehicle needed to access the South Grounds roadway).

Video of the incident shows SA (b) (6), (b) (7)(C) enter the Kennedy Garden while Commander, who was off the leash and on the opposite side of the garden at the time, run at a high rate of speed towards SA (b) (6), (b) (7)(C) jump towards (b) (6), (b) (7)(C) and take (b) (6), (b) (7)(C) to the ground. (b) (6), (b) (7)(C) (grounds keeper), who was also in the garden at this time, put Commander on a leash after the bite occurred.

SA (b) (6), (b) (7)(C) said that (b) (6), (b) (7)(C) looked around the garden before entering it and did not see the family pet.

SA (b) (6), (b) (7)(C) sustained an injury to (b) (6), (b) (7)(C) left arm ('deep bite') that reportedly needed stitches. SA (b) (6), (b) (7)(C) was treated by WHMU at the Residence Clinic.

East Wing Tours were stopped for approximately 20 minutes due to blood from the incident being on the floors in the area of the Booksellers.

Team,

Greetings – I hope this message finds you well. The recent dog bites have challenged us to adjust our operational tactics when Commander is present – please give lots of room (staying a terrain feature away if possible). We will continue to keep (b) (6), (b) (7)(C) in our sight but must be creative to ensure our own personal safety. The senior leaders of the detail and agency continue to address the issue at higher levels with staff and First Family – working to have a better solution soon. Thank you for your patience and understanding.

I know it's been busy and the travel has been insane, so thank you for your sacrifice and dedication to our mission. Please share my heartfelt appreciation with your family as well. I've been very impressed with the work product our team has been producing but most of all the willingness to help each other through various challenges. PPD (FLD) is not easy but I love it because it's a direct reflection of the acronym T.E.A.M - Together Everyone Accomplishes More. I appreciate each of you and your positive attitude, I recognize the important role you play moving us forward.

If you are lucky enough to be off for the 4<sup>th</sup> – enjoy; if not thank you for working the holiday in furtherance of our mission. Either way, please complete your Web T&A tomorrow (Friday) if possible to assist the admin team in processing our timecards prior to the holiday - so we all get paid. Hope to see you soon as I finish my midnight rotation at the WH.

Till then Stay safe and healthy... Thx again.

FINAL:

For the past several Presidential administrations, the Secret Services has navigated how to best operate around family pets and these incidents are no exception. We take the safety and wellbeing of our employees extremely seriously. Agency employees are encouraged to report any job-related injuries to their immediate supervisors for appropriate documentation. As such, the Secret Service is aware of past incidents involving first-family pets and these instances were treated similarly to comparable workplace injuries, to include with relevant notifications and reporting procedures followed.

While special agents and officers neither care for nor handle the first family's pets, the Secret Service continuously works with all applicable entities to minimize adverse impacts in an environment that includes pets.

Hey Boss,

That was me calling you a minute ago. No need to return the call. I was just calling to give you a notification about one of the (b) (6), (b) (7)(C) that was injured today. (b) (6), (b) (7)(C) was working a family temp in Rehobeth this weekend, and was bitten by Commander. (b) (6), (b) (7)(C) was bitten on the arm and required stitches. We will be swapping out SA [REDACTED] with an SA from the [REDACTED] detail for the duration of this temp rotation. OPS is working the logistics of the personnel swap at this time.

**Subject:** SA (b) (6), (b) (7)(C) Dog bite Rehoboth Beach, DE 7/29/2023

On Saturday, July 29, 2023, SA (b) (6), (b) (7)(C) was working on a (b) (6), (b) (7)(C) (b) (7)(E) detail temporary assignment in Rehoboth Beach, DE at POTUS RON. As part of SA (b) (6), (b) (7)(C) assignment at the Beach house was to provide security coverage in designated post locations at the residence and assist POTUS detail in the shift rotation. At approximately 1400hrs SA (b) (6), (b) (7)(C) needed to continue the push rotation at the Beach House backyard patio post (post (b) (6), (b) (7)(C) in preparation for a (b) (7)(E) detail movement. SA (b) (6), (b) (7)(C) entered through the front gate of the RON into the backyard patio to make the push rotation at post (b) (6), (b) (7)(C). Not noticing and unaware that the first family dog (Commander) was loose and off leash in the backyard patio at that time. As SA (b) (6), (b) (7)(C) walked to the backyard patio Post (b) (6), (b) (7)(C) booth, Commander started to bark but did not know from which direction Commander was barking from or the location of the dog. In the background SA (b) (6), (b) (7)(C) heard the voice of what believes to be FLOTUS Dr. Jill Biden (b) (7)(E) yelling "(b) (6), (b) (7)(C)", (b) (6), (b) (7)(C)". Commander ran towards the direction of post (b) (6), (b) (7)(C) booth and bit SA (b) (6), (b) (7)(C) in the left forearm. Causing a severe deep open wound. As result of the attack SA (b) (6), (b) (7)(C) started to loose a significant amount of blood from (b) (6), (b) (7)(C) arm. SA (b) (6), (b) (7)(C) remained calm and walked away from the area looking for help.

After the incident occurred, SA (b) (6), (b) (7)(C) proceeded to get treatment from the White House Medical team at the White House Medical house in Rehoboth Beach across from the RON. The Doctor that provided first aid and treatment on scene was Dr. (b) (6), (b) (7)(C) (b) (6), (b) (7)(C). SA (b) (6), (b) (7)(C) received six (6) stitches in the left hand forearm and antibiotics for the wound. As per (b) (6), (b) (7)(C), the antibiotics are to be taken twice a day for a duration of ten (10) days. SA (b) (6), (b) (7)(C) after receiving treatment from White House medical, continued to work for the duration of (b) (6), (b) (7)(C) shift.

Good morning sir,

Below is a write up about SA (b) (6), (b) (7)(C) incident at Rehoboth. As far as I'm aware, I haven't seen any specific protocol for managing this issue at the Beach House or Lake house the way it's been addressed on the White House complex. Although I'm sure we may be seeing something in the future. In any case, SA (b) (6), (b) (7)(C) is doing well and I wanted you to see AT (b) (6), (b) (7)(C) comments in his message to (b) (6), (b) (7)(C) this morning in addition to my own. Further, I'm attaching a write up for (b) (6), (b) (7)(C) (b) (5), (b) (6), (b) (7)(C). I don't know what the current impression of Room (b) (6), (b) (7)(C) is on this incident, whether our (b) (6), (b) (7)(C) should have known better, or if it happened through no fault of (b) (6), (b) (7)(C) own. Perhaps you might have a better understanding of that. My purpose for (b) (6), (b) (7)(C), however, is based on SA (b) (6), (b) (7)(C) (b) (5), (b) (6), (b) (7)(C) (b) (5), (b) (6), (b) (7)(C). I'm glad it wasn't your pitching arm! Thanks for keeping me in the loop and I hope you're not in too much pain. The boys in CSU OPS put together a small care package for you with some Advil, antibiotic cream, pepper spray, a muzzle, and some dog biscuits for safety purposes.

In all seriousness, my (b) (6), (b) (7)(C) you are the best of the best and very well respected in my book for insisting on seeing your assignment though despite the inevitable pain and discomfort. It speaks volumes to your character. I'll make sure you're taken care of on the back end when you return to CSU. Let me know if you need anything in the meantime.
